VAT, EMPLOYMENT AND OTHER LOCAL TAXES

OUR EXCISE DUTY GENERATION WORLDWIDE IS \$13.6 BILLION.

We believe that taxing alcoholic beverages differently based on beverage type and strength can nudge consumers towards lower alcohol strength products, reducing harmful use of alcohol.

Taxes can also incentivize the production and consumption of lower-and non-alcoholic beer brands, which consumers can use as part of their plans to reduce harmful consumption.

COMBINED TAX GENERATION

AB INBEV IS A TRULY GLOBAL BREWER, BUT REMAINS LOCALLY ANCHORED.

We source, brew and sell our beers locally as much as possible. This decentralized structure means that taxes are paid where profits are made. Beer ecosystem is a formidable engine for economic growth and employment.

OUR GLOBAL NORMALIZED TAX RATE: 27.9%**

169.000
DIRECT
EMPLOYEES

1 JOB IN A BREWERY = 29 JOBS IN THE BEER ECOSYSTEM***

WE PARTNER WITH >6MIO SMEs ACROSS OUR VALUE CHAIN

5.5 BIO USD INVESTED IN MODERNIZING AND GROWING LOCAL OPERATIONS

WE WILL INVEST 1 BIO USD IN SMART DRINKING BY 2025

* All data are reflecting our 2021 business.
 ** Normalized effective tax rate excluding mark-to-market gains and losses linked to the hedging of our share based payment programs in FY21.
