Report on the review of the statement of assets and liabilities as of 31 January 2019 of the company Anheuser-Busch InBev SA in the context of the change of corporate object

In accordance with article 559 of the Companies Code, and in the context of our appointment as statutory auditor, we hereby report to the general meeting of shareholders on the review of the statement of assets and liabilities as of 31 January 2019.

We have conducted our review of the company’s enclosed statement of assets and liabilities as of 31 January 2019, prepared in accordance with the financial reporting framework applicable in Belgium.

**Board of directors’ responsibility for the preparation of the statement of assets and liabilities**

The board of directors is responsible for the preparation of the statement of assets and liabilities as of 31 January 2019 in accordance with the financial reporting framework applicable in Belgium, in accordance with article 92, § 1, first section, of the Companies Code.

**Statutory auditor’s responsibility**

Our responsibility is to express a conclusion on the statement of assets and liabilities, based on the review conducted by us.

We conducted our review in accordance with ISRE 2410, "Review of interim financial information performed by the independent auditor of the entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and administrative matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit performed in accordance with the International Standards on Auditing (ISA) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit.

Accordingly, we do not express an audit opinion on this statement of assets and liabilities.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the enclosed statement of assets and liabilities of Anheuser-Busch InBev SA for the period ended 31 January 2019 showing total assets of 154 170 383 (000) EUR and a profit for the period from 1 January 2019 until 31 January 2019 of 290 169 (000) EUR, has not been prepared, in all material respects, in accordance with the financial reporting framework applicable in Belgium.
Restrictions on the use and distribution of our report

This report is solely intended for use by the board of directors and the shareholders of the company in accordance with article 559 of the Companies Code and may therefore not be used for any other purpose.

Clean version

The Company’s corporate purpose is:

a) to produce and deal in all kinds of products, including (but not limited to) beers, drinks, foodstuffs and any ancillary products, as well as all by-products and accessories, of whatsoever use, origin, purpose or form, and to provide all kinds of services; and

b) to acquire, hold and manage direct or indirect shareholdings or interests in companies, undertakings or other entities having a corporate purpose similar or related to, or likely to promote directly or indirectly the attainment of the foregoing corporate purpose, in Belgium and abroad, and to finance such companies, undertakings or other entities by means of loans, guarantees or in any other manner whatsoever.

In general, the Company may engage in any commercial, industrial and financial transactions, in moveable and real estate transactions, in research and development projects, as well as in any other transaction likely to promote directly or indirectly the attainment of its corporate purpose.
2 Justification of the proposed amendments to the corporate purpose

After reviewing the corporate purpose of the Company, the Board acknowledged that certain changes to article 4 of the bylaws of the Company would be useful in order to (i) simplify and modernize the language and (ii) broaden the scope of the corporate purpose to allow the Company to expand its activities as the case may be.

The corporate purpose of the Company dates back from its predecessor entity, the old Anheuser-Busch InBev entity that merged into the current Anheuser-Busch InBev in 2016 at the time of the business combination with SABMiller. It was not amended at the time and had remained broadly unchanged since 1986.

The Board would like to clarify that the Company is entitled, directly or through its subsidiaries, to carry out activities or acquire businesses which may not necessarily fit into a narrow view of the categories of beers, drinks, foodstuff or ancillary products. The additional wording proposed in the bylaws to broaden the product range covered by our corporate purpose aims at clarifying that any drinks and foodstuff that exist today but are not yet commercialized by the Company, as well as any other sorts of drinks and foodstuff that might not exist today but might be researched and come to market in future years, can be included in our offering.

In addition, the Board also wishes to allow the Company to expand its activities beyond the production and distribution of drinks and foodstuff and cover the production and distribution of any kind of products included in the category of fast-moving consumer goods or in any other industry or sector, as well as the provision of any services or the development of any service businesses, whether or not related to such products. This will give the Company all freedom to grow into new markets, whether directly or through any of its subsidiaries.

For the reasons highlighted above, the Shareholders' Meeting is respectfully requested to approve the amendments to the corporate purpose set out in paragraph 1 of this report.

3 Statement of assets and liabilities

In accordance with article 559 of the Belgian Companies Code, a statement of assets and liabilities as at 31 January 2019 has been attached to this report as Annex 1.

In addition, Deloitte Bedrijfsrevisoren/Réviseurs d'Entreprises CVBA/SCRL represented by Joël Breeman, the statutory auditor of the Company, will report separately on the statement of assets and liabilities.

This report has been executed in two originals.

Appendix 2: Valuation rules of the company

VALUATION RULES

SUMMARY OF THE MOST IMPORTANT VALUATION RULES
Under article 20 of the Royal Decree of January 30, 2001 implementing the Company Code, the Board made the following decision:

TANGIBLE AND INTANGIBLE ASSETS
Fixed assets are taken on the active side of the balance at acquisition cost, including the additional costs.
In general, the depreciation rates and methods are those that have been agreed with the administration of direct taxes. The additional costs are added to the asset they relate to, and are depreciated at the same rhythm.

FINANCIAL FIXED ASSETS
The participations, not including the additional costs, are taken as an asset in the balance sheet at acquisition value. In case of permanent devaluations, value adjustments are booked.

CLAIMS
The claims, disputes and bad debts are depreciated according to the known risk, based on individual cases, considering the complete or partial insolvency of the counterparty.

DEFERRED CHARGES AND ACCRUED INCOME
These are designed to charge revenues and costs related to the closed period.

DEBT
The debts are recorded at their nominal value.

PROVISIONS FOR RISKS AND CHARGES
Provisions are recorded at nominal value.

FOREIGN CURRENCY
Transactions in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction.
Monetary assets and liabilities in foreign currencies are converted at the closing rate of the balance sheet date.
Gains and losses resulting from foreign currency transactions and from the conversion of monetary and non-monetary assets and liabilities in foreign currencies are recorded in the income statement. Non-monetary assets and liabilities in foreign currencies are converted at the closing rate of the balance sheet date.

FINANCIAL INSTRUMENTS
Cash flow interest rate swaps are valued at the closing rate of the year. FX forwards are valued at the market to market. The foreign exchange risk on investments in foreign currency is hedged to a limited extent with forex derivatives. The exposure related to changes in the company share price for the share based payments and deferred share instruments are hedged through a fully owned subsidiary of the company.
