AB InBev ranked #1 in the Beverage industry in 2016
Environmental Sustainability
A results-oriented culture

- Global environmental goals:
  - Owned by the functions who can impact them the most
  - Cascaded across company
  - Linked to variable compensation
- Practical, simple, informal, quick actions
- Learn, improve, scale through sharing best practices
- Never satisfied - continually thinking about what’s next
Environmental Goals Achieved
2009-2012

Global goals achievement
Our colleagues across more than 20 countries helped achieve our 3 year environmental goals

Water reduction: 18.6% DOWN
Energy reduction: 12% DOWN
Recycling: 99.2% UP
Carbon emissions: 15.7% DOWN

Through our efforts, we’re creating value for all our stakeholders

All results relative to 2009 baseline
Environmental Goals
2013-2017

Reduce water risks and improve water management in 100% of our key barley-growing regions, in partnership with local stakeholders

- 2012: 0%
- 2015: 62.5%
- 2017: 100%

Engage in watershed protection measures at 100% of our facilities located in key areas in Argentina, Bolivia, Brazil, China, Mexico, Peru and the United States, in partnership with local stakeholders

- 2012: 0%
- 2015: 86%
- 2017: 100%

Reduce global water usage to a leading-edge 3.2 hectoliters of water per hectoliter of production

- 2012: 3.5 hl/hl
- 2015: 3.1 hl/hl
- 2017: 3.2 hl/hl

Reduce global greenhouse gas emissions per hectoliter of production by 10%, including a 15% reduction per hectoliter in China

- 2012: 0%
- 2017: 10%
- 2015: 18.6%

Reduce global energy usage per hectoliter of production by 10%**

- 2012: 0%
- 2015: 8.8%
- 2017: 10%

Reduce packaging materials by 100 000 tons***

- 2012: 90.7K
- 2015: 100 000T
- 2017: 90 700T

Reach a 70% global average of eco-friendly cooler purchases annually

- 2012: 70%
- 2015: 84.2%
- 2017: 70%

Reduce greenhouse gas emissions in logistics operations by 15% per hectoliter sold from our 2013 baseline****

- 2013: 0%
- 2015: 7.4%
- 2017: 15%

Environmental Advisors

Engaging external advisors on strategy and execution of barley and watershed goals to invest in long-term partnerships and obtain fast and reliable insights.

**Stuart Orr**

**Other Global Engagement**
Our Water Strategy

Focus on collective action and stakeholder engagement

- Rigorous water risk assessment
- In-plant water conservation
- Agricultural Development
- Community Watershed Protection
Water Efficiency

After achieving 3.2hl/hl in June 2015, we became the most efficient global brewer based on publicly available data. We further reduced our water use rate to 3.14hl/hl by EOY 2015.
Agricultural Development

Investing in Growers,
Innovating our Supply Chain,
Transforming Global Agriculture
Capturing conversations between agronomists and barley growers to improve barley quality and farm level performance

Field Level – Production Practices to 40+ KPIs
- Review of individual grower fields with barley
- Specific varieties, rotations and field performance
- Capture inputs and management practices

Farm Level – Better World Indicators
- Assess concern regarding water and soil risks
- Ability to address and manage weather risk
- Economic contribution of producing barley for ABI

This confidential and anonymous benchmarking data is used to -
- launch local programs to address regional gaps
- improve environmental stewardship within our supply chain
- develop big data predictive models incorporating climate data
- strengthen our global barley breeding activities
Watershed Protection

Collaborating with governments, communities and NGOs in Argentina, Bolivia, Brazil, China, Mexico, Peru and the United States to collectively engage in watershed protection measures.
Watershed Protection

COCHABAMBA, BOLIVIA
In partnership with the local government, working with two local communities, competing for water access and administrative rights over Taquiña River, to improve the local water supply, donate treated water from our operations for agricultural purposes, and repair local infrastructure – all while continuing to reduce brewery water consumption.

JAGUARIÚNA, BRAZIL
Building on the CYAN project, a broad-based initiative we launched in 2010 to create awareness and promote social mobilization for water conservation, we are partnering with the Jaguariúna Municipality, The Nature Conservancy (TNC) and The Brazilian Agricultural Research Corporation to recover and conserve the water basin that supplies water to the greater São Paulo.
Water Stewardship

Our water strategy not only includes internal action and efficiency but also engages in collective action and local governance.

- **Public goods**
- **Indirect control**
- **Allocation of resources**
- **Places**
- **External environment**
- **Impacted**

- **Private goods**
- **Direct control**
- **Efficiency of resources**
- **Products**
- **Internal environment**
- **Impacts**
Responsibility and Governance
In 2014, we formed a Global Advisory Council comprised of acknowledged and accomplished public and private sector leaders who provide insight and guidance to our management.

Visionary experts in policy, health and corporate responsibility, the advisors focus on:

• The role of business in society
• Public/private partnerships that foster well-being and leverage our expertise and reach
• Shared Value initiatives in responsible drinking, environment, and community-building
• Emerging health and societal trends
A Legacy of Responsibility
Evolved Responsibility Journey

1982: First Ad. to promote drink responsibly

1990: Sponsor research on social norm to reduce harmful drinking and related behavior

1999: 1st Set of Global RD Goals Announced

2009: 3% RD marketing investment implemented

2010: Roll out RMCC

2013: 1st Annual Global Be(er) Responsible Day

2014: Partner with supermarkets to implement ID checking

2015: City Project to address harmful reduction in Brazil & Mexico

Achieved 1st Set of RD Goals

Convene a group of private sectors to create “Together for Safer Roads”

Consumer Information Policy

Achieved 1st Set of RD Goals

Launched new set of Smart Drinking Goals (2015-2025)
Responsible Drinking Goals

2011-2014

**Responsible Drinking**

Reach at least 100 million adults with programs developed by subject matter experts that help parents talk with their children about underage drinking.

Provide ID-checking materials and other educational information to at least half-a-million bars, clubs, restaurants and grocery stores to help them prevent sales to minors.

Provide training on responsible alcohol beverage sales to at least 1 million bartenders, waiters, grocery store clerks, and others who serve and sell alcohol.

Reach at least half-a-billion legal-age consumers to increase awareness of the importance of using a designated driver or safe-ride home.

Invest at least 300 million USD in advertising and programs to help remind and educate consumers about the importance of responsible drinking.

Celebrate Global Be(er) Responsible Day annually to promote the importance of responsible drinking among our employees, retail customers and consumers.

The data points in the table above are self-reported. Externally assured data, accounting to reach the goals' target, can be found on pages 10 – 15 and are noted with the symbol ©.
Global Smart Drinking Goals
2015-2025

Our vision is to foster a culture of smart drinking globally to reduce the harmful use of alcohol.

CHANGING BEHAVIORS THROUGH SOCIAL NORMS

MULTI-YEAR PILOTS

Reduce the harmful use of alcohol by at least 10% in six cities by end 2020
Implement the best practices globally by end 2025

SOCIAL NORMS

Influence social norms and individual behaviors to reduce harmful alcohol use by investing at least 1 billion USD across our markets in dedicated social marketing campaigns and related programs by end 2025

EMPOWERING CONSUMERS THROUGH CHOICE

PRODUCT PORTFOLIO

Ensure No- or Lower-Alcohol beer products represent at least 20% of AB InBev’s global beer volume by the end of 2025

ALCOHOL HEALTH LITERACY

Place a Guidance Label on all of our beer products in all of our markets by the end of 2020
Increase alcohol health literacy by the end of 2025
Responsible Drinking

By the Numbers

In China, the Budweiser mini-movie “True Love Needs a Designated Driver”, featuring basketball legend Yao Ming, was viewed over 50 million times in its first month on-air.

OVER 66,000 COLLEAGUES AND 600,000 RETAILERS participated in Global Be(er) Responsible Day in 2015

In September 2014, in partnership with the National Restaurant Association more than 15,000 servers were trained in the U.S. on the principles of responsible retailing.

BOB designated driver campaign begun in Belgium

IN PRACTICE IN 16 EU MARKETS

Family Talk About Drinking Program
AVAILABLE IN ALL TOP 10 MARKETS

In recognition of Global Be(er) Responsible Day, our Mexico team recruited over 16,200 Modelo volunteers with more than 15,700 additional industry volunteers to combat underage drinking and sales of alcohol to minors.

Guinness World Records Achievement for “Most Pledges Received for a Campaign” with more than 747,000 pledges between Sept 1 – Dec 31, 2014
Global Be(er) Responsible Day

On September 18, 2015, AB InBev employees around the world participated in our sixth annual Global Be(er) Responsible Day to promote responsible drinking among wholesalers, retailers and consumers. Highlights:

- GBRD activation in 22 countries, which combined represent well over 90% of AB InBev’s global beer volume
- 66,379 AB InBev employees participated
- Following a very successful 2014 pilot in MEX, an additional 7 markets celebrated their first-ever GBRD as an Industry collaboration (BRA, CHI, CAN, ARG, PAR, RUS, UKR)
- 623,379 retailers engaged
- More than 8MM consumers reached directly / nearly 300MM indirectly
Responsible Marketing

• Applies to all forms of brand marketing or commercial communications for all AB InBev products that carry a beer/alcohol trade name and/or taste profile

• Mandatory compliance with the Code for all of our marketing, sales, promotion and communications efforts, including both traditional and digital media

• Six chapters on: Responsible Drinking, Legal Drinking Age, Hazardous Activities, Health or Functional Attributes, Performance or Success and Digital Media

• Annual Training Requirement for AB InBev employees in Marketing, Sales, Legal and Corporate Affairs as well as Agency Partners
Appendix
Together For Safer Roads
Cross-Sector Coalition
MISSION & VISION

TOGETHER FOR SAFER ROADS (TSR) is an innovative coalition that brings together global private sector companies to focus on improving road safety and reducing deaths and injuries by road traffic collisions. TSR uses the knowledge, data and technology, and global networks of members to promote:

- Safer roads, vehicles and systems
- Safer road users
- Advocacy and thought leadership

TSR was formally launched at the United Nations on November 13th, 2014 to an audience including UN Permanent Representatives, key stakeholders such as the UN Global Compact and World Health Organization, and the global media.
AB InBev was one of the founding members of Together for Safer Roads, an innovative coalition that brings together global companies to focus on improving road safety, and reducing deaths and injuries by road traffic collisions.
World Safety Day 2015

TSR member companies, including AB InBev, AIG, PepsiCo, Walmart, AT&T, and Ryder, worked together to build awareness about the importance of road safety among their millions of employees.

The activities below were launched successfully on World Safety Day on April 28, 2015. Activities took place globally in Brazil, Canada, China, Mexico, Russia, Singapore, the United Kingdom, and the United States.

Activities & Deliverables

- Internal communications, via digital and social media, to company staff
- Stickers, banners and other materials with key road safety messages for placement on company fleet
- Company pledges to make roads safer in our communities
- Presentations with local leaders at community events
- CEO videos and apps on the importance of safe driving practices

Outcomes achieved

- Greater visibility of road safety risk factors, such as not texting & driving, not speeding, not drink-driving, wearing seatbelts, and conducting 360 degree reviews
- Increased engagement on safety issues within member companies, in employees’ communities and on social media
- Development of success metrics through internal tracking mechanism to serve as a baseline for future engagements

NEARLY 500,000 EMPLOYEES ENGAGED!
TSR Expert Panel has drafted a white paper that seeks to outline the role of the private sector in advancing road safety in alliance with the global community.

Panel members collaborated to develop recommendations that lay out actionable, concrete and scalable ways for business to help contribute to achieving the goal of the Decade of Action on Road Safety.

Presented at a high-level WHO Road Safety Conference in Brazil in November 2015
Meet TSR’s ambitious goal to “bend the curve” on road traffic fatalities and injuries by engaging in multi-faceted efforts with tangible impact in cities.

Cities are home to more than half the world’s population, and boast more economic power, greater political influence and more advanced technological capabilities than ever before. Simultaneously, cities are struggling with a wide range of social challenges, including road safety.

### Milestones (2015)
- **Road Safety Diagnostic**
  - Work with city to establish implementation framework for recommendations
  - Phase I implementation of recommendations, which may include a combination of capacity building in road safety management, targeted education programs, data and technological solutions, etc.

### Deliverables
- Deploy team of 6-8 TSR executives to engage with Mayor, top city officials, and other key stakeholders (supported by IBM Smarter Cities Challenge Grants)

### Expected outcomes
- Establish TSR as trusted advisor to cities on road safety
- Demonstration of importance of public-private sector collaboration
- Develop 3-5 Year Strategic Roadmap and actionable recommendations in partnership with City
- Reinforce TSR brand presence in City
- ABI recognized as a valued partner and thought leader in road safety
- Begin implementation of 3-5 Year Strategy Roadmap in collaboration with partners
# Human Rights

<table>

</table>

## FOCUS AREAS

- **Governance:** Cross-Functional Human Rights Working Group (Legal, People, Corp. Affairs, Comms, Supply, Procurement, Sales, ABII)
- **Child Labor**
- **Forced Labor and Freedom of Movement**
- **Freedom of Association**
- **Discrimination and Harassment**
- **Workplace Safety and Health**
- **Working Hours and Compensation, Adequate Standard of Living**
- **Security**

Implementation: 15,000 employees to be trained in 2014, Human Rights helpline category created within existing compliance helpline.

Partnerships: Business for Social Responsibility (BSR), AIM-PROGRESS, SEDEX

## INDUSTRY COOPERATION

- Policy Development
- Impact Assessment
- Implementation and Grievance Mechanisms
- Best Practice Sharing
Responsible Sourcing

Working to limit environmental impact, improve social governance and foster economic stability

Sought Guidance from the non-profit research and consulting organization, BSR, and reviewed international standards such as SA8000:2008 (a standard developed by Social Accountability International).

Member of SEDEX and Aim-Progress, AB InBev implemented a Global Responsible Sourcing Policy in 2009

2012: We conducted pilot risk assessments of 35 suppliers in China.

2013: All high priority non-compliances where closed

2014: Continue to close other non-compliances

2013: we enhanced our global responsible sourcing program by re-communicating our policy to our supply chain and implementing self-assessments with 1,250 suppliers for social compliance risk.

2014: Reviewed over 220 onsite audits of suppliers and second tier merchandizing suppliers

2015: Incorporated our responsible sourcing program into a larger supplier qualification program, taking into account legal, financial and social compliance.

Incorporated Grupo Modelo operations into the responsible sourcing program.
Compliance Programs

SCOPE
- Anti-Bribery
- Antitrust
- Code of Business Conduct
- Ethics
- Conflicts of Interest
- Data Privacy

FEATURES
- Compliance function reports directly to CLO and dotted to the Board Audit Committee
- Global team: ~35 FTEs
- Back office in Brazil

COMPLIANCE COMMITTEES
- Global + 6 Zone Committees
- Minimum Quarterly meetings
- Composition
  - Global: CLO, CFO, People VP, Internal Audit VP, Internal Control VP, Head of Compliance.
  - Zones: Zone GC, Zone CFO, Zone Audit, Zone People VP.
  - Minimum agenda: follow up and decision on ongoing cases and reports, supervise the compliance program, decide on specific requests.

SYSTEMS
HELPLINE: where anybody can anonymously report activities in violation of the Code of Conduct
COMPLIANCE CHANNEL: the system to register all requests for gifts, hospitality and donations approvals
DUE DILIGENCE TOOL: to register all Touch Point Vendors and their DDs
Community
Our Community

- Over 150,000 employees
- Operations in 26 countries
- 3.7 billion USD in wages and salaries
- 4.3 billion USD in capital expenditures
- 13.7 billion USD paid in excise and income taxes
- More than 71,000 employees volunteered

Talent Acquisition, Development and Employee Engagement
Talent Acquisition

Global Management Trainee Program

- Graduates from top Universities Worldwide
- 10-month paid training program exposing participants to a wide range of company operations
- Highly competitive program – we admitted 163 trainees in 2015 from a global pool of more than 94,000 applicants

Global MBA Program

- MBA graduates from top Business Schools worldwide
- 12-month program
- Fast-track career with immediate responsibility and impact
Talent Development

Excellence Programs
• Functional programs created to drive execution and sustainable results.
• Help employees acquire and hone the skills to achieve excellence in areas such as Brewery Operations, Marketing, Sales, People, Finance, Corporate Affairs, and Information & Business Services.

ABI University
• Learning and development website with a curriculum focused on leadership, method and functional learning. Method track awards white, green and black belts.

Rewarding Performance
• Processes in place to measure and assess performance.
• Compensation structure includes bonuses for stretched but achievable targets.
• Help attract and retain people who relish a merit-based environment.

Employee Engagement
• The latest opinion survey from December 2015 shows an employee engagement index of 85% based on responses from more than 108,000 colleagues.
Brand BW Initiatives: Stella

780 million people lack access to clean drinking water. Women are at the heart of water poverty. BUY A LADY A DRINK is a Stella Artois initiative in partnership with water.org to raise awareness and help provide women in need with access to clean drinking water.

- Launched at Sundance Film Festival
- Videos highlight the difficulties women in water-stressed areas face
- Limited edition chalices to raise funds with artwork inspired by traditional handcrafted objects from India, Honduras and Ethiopia.
- Digital/Social media engagement
Brand BW Initiatives: Budweiser

• Commercial to raise awareness for drunk-driving prevention
• The “Friends are Waiting” video opens with the deep bond between two best friends: Luke and his dog Cooper, and culminates with Cooper’s reaction when Luke doesn’t come home after a night out.
• Video launched on Global Be(er) Responsible Day on September 19, 2014.
