The Programme Memorandum published by SABSA Holdings Proprietary Limited on 7 July 2007 (as amended) (the "**Original Programme Memorandum**") in respect of its ZAR 6,000,000,000 Domestic Medium Term Note Programme is replaced and superseded in its entirety by this Programme Memorandum, on and with effect from the date of this Programme Memorandum (the "**Programme Date**"). This Programme Memorandum will not apply to any Notes (as defined below) issued before the Programme Date (the "**Prior Notes**"). The Prior Notes shall remain subject to the terms and conditions contained in the Original Programme Memorandum.

Under this ZAR 6,000,000,000 Domestic Medium Term Note Programme (the "**Programme**"), SABSA Holdings Limited (formerly SABSA Holdings Proprietary Limited) (the "**Issuer**") may from time to time issue unsecured registered notes of any kind (the "**Notes**"). Capitalised terms used in this Programme Memorandum (as defined below) are defined in the section of this Programme Memorandum headed "*Terms and Conditions of the Notes*" (the "**Terms and Conditions**"), unless separately defined, and/or in relation to a Tranche of Notes, in the Applicable Pricing Supplement.

The Issuer's obligations to the Noteholders under the Notes specified as such in the Applicable Pricing Supplement are guaranteed, by SABMiller plc (the "**Guarantor**"), on the terms and conditions of the guarantee dated on or about 6 December 2012 (the "**Guarantee**") and as described in Condition 6 (*Guarantee*) of the Terms and Conditions.

This Programme Memorandum will apply to the Notes issued under the Programme in an aggregate outstanding Principal Amount which will not exceed the authorised amount of ZAR 6,000,000,000, unless such amount is increased by the Issuer as set out in the section of this Programme Memorandum headed "*General Description of the Programme*".

A Tranche of Notes will be issued on, and subject to, the Terms and Conditions, as replaced, amended and/or supplemented by the terms and conditions of that Tranche of Notes set out in the Applicable Pricing Supplement.

This Programme Memorandum has been approved by the JSE Limited (the "**JSE**") and is registered on the Interest Rate Market of the JSE. A Tranche of Notes may be listed on the Interest Rate Market of the JSE, or on such other or additional Financial Exchange(s) as may be determined by the Issuer, subject to all applicable laws. Unlisted Notes may also be issued under the Programme but will not be regulated by the JSE. A copy of the signed Applicable Pricing Supplement relating to a Tranche of Notes which is to be listed on the Interest Rate Market of the JSE will be delivered to the JSE and the CSD before the Issue Date, and the Notes in that Tranche may be traded by or through members of the JSE from the date specified in the Applicable Pricing Supplement in accordance with the Applicable Procedures. The settlement of trades on the JSE will take place in accordance with the electronic settlement procedures of the JSE and the CSD for all trades done through the JSE. The placement of a Tranche of unlisted Notes may (at the sole discretion of the Issuer) be reported through the JSE reporting system, in which event the settlement of trades in such Notes will take place in accordance with the electronic settlement procedures of the JSE and the CSD for all trades done through the JSE. The settlement and redemption procedures for a Tranche of Notes listed on any Financial Exchange (other than or in addition to the JSE) will be specified in the Applicable Pricing Supplement.

The Notes may be issued on a continuing basis and be placed by one or more of the Dealers specified under the section headed "*Summary of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer, which appointment may be for a specific issue or on an ongoing basis. References in this Programme Memorandum to the "relevant Dealer" shall, in the case of Notes being (or intended to be) placed by more than one Dealer, be to all Dealers agreeing to place such Notes.

The attention of investors contemplating investing in the Notes is drawn to the section headed "*Risk Factors*" for a discussion of certain factors that should be carefully considered by prospective investors in connection with an investment in the Notes.

After the date of this Programme Memorandum, the Issuer and/or the Programme may be rated by a Rating Agency on a national scale or international scale basis. A Tranche of Notes may, on or before the Issue Date, be rated by a Rating Agency. The Applicable Pricing Supplement will reflect the rating, if any, which has been assigned to the Issuer, the Programme and/or a Tranche of Notes, as the case may be, as well as the Rating Agency which assigned such rating. The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplementary Programme Memorandum, if appropriate, will be made available, which will describe the effect of the agreement reached in relation to such Notes

GENERAL DESCRIPTION OF THE PROGRAMME

Words used in this section headed "General Description of the Programme" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The Issuer may from time to time issue one or more Tranches of Notes under the Programme, pursuant to this Programme Memorandum, provided that the aggregate Outstanding Principal Amount of all of the Notes issued under the Programme from time to time does not exceed the authorised Programme Amount.

A Tranche of Notes may be listed on the Interest Rate Market of the JSE or on such other or additional Financial Exchange(s) as may be determined by the Issuer, subject to applicable laws. Unlisted Notes may also be issued under the Programme but will not be regulated by the JSE. The Applicable Pricing Supplement will specify whether or not a Tranche of Notes will be listed and, if so, on which Financial Exchange. If the Issuer issues a Tranche of unlisted Notes or a Tranche of Notes is listed on any Financial Exchange other than (or in addition to) the JSE, the Issuer will, by no later than the last day of the month of issue of that Tranche of Notes, inform the JSE in writing of the aggregate Principal Amount and the Maturity Date (if any) of that Tranche of Notes.

This Programme Memorandum and any supplement will only be valid for the issue of Notes in an aggregate Principal Amount which, when added to the aggregate Principal Amount then Outstanding of all the Notes previously or simultaneously issued under the Programme, does not exceed the authorised amount of ZAR 6,000,000,000.

From time to time the Issuer and the Guarantor may wish to increase the Programme Amount. Subject to the Applicable Procedures, all applicable laws and the Programme Agreement (as defined in the section headed "*Subscription and Sale*"), the Issuer may without the consent of Noteholders, increase the Programme Amount by delivering a notice thereof to the Noteholders in accordance with Condition 19 (*Notices*) of the Terms and Conditions and to the Arranger and the Dealer(s). Upon such notice being given to the Noteholders and the conditions set out in the Programme Agreement to the exercise of this right having been met, all references in this Programme Memorandum (and each agreement, deed or document relating to the Programme and/or this Programme Memorandum) to the Programme Amount will be, and will be deemed to be, references to the increased Programme Amount set out in such notice.

It is anticipated that, on or after the date of this Programme Memorandum, the Programme will be rated by one or more Rating Agencies on a national scale basis, which rating will be reflected in the Applicable Pricing Supplement. A Tranche of Notes may, on or before the Issue Date, be rated by a Rating Agency on a national scale or international scale basis. Unrated Tranches of Notes may also be issued. A rating of a Tranche of Notes is not a recommendation to subscribe for, buy, sell or hold any Notes, and may be subject to revision, suspension or withdrawal at any time by the Rating Agency.

This Programme Memorandum will only apply to Notes issued under the Programme.

Unless specified otherwise in the Applicable Pricing Supplement, the Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* and rateably without any preference among themselves and (save for certain debts required to be preferred by law) equally with all other unsecured and unsubordinated obligations of the Issuer from time to time outstanding.

Stabilisation

In connection with the issue and distribution of any Tranche of Notes under the Programme, the Dealer, if any, that is specified in the Applicable Pricing Supplement as the Stabilising Manager (or any person acting for the Stabilising Manager) may, if specified in that Applicable Pricing Supplement and only if such stabilising is permitted by the applicable laws and agreed with the JSE, over-allot or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail for a limited period. However, there may be no obligation on the Stabilising Manager (or any agent of the Stabilising Manager) to do this. Such stabilising, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.

Redemption

The Applicable Pricing Supplement relating to each Tranche of

Notes will indicate either:

- (a) that the Notes may only be redeemed prior to their stated maturity (other than in specified instalments, if applicable) for taxation reasons or following an Event of Default; or
- (b) that such Notes will also be redeemable at the option of the Issuer upon giving such notice as is indicated in the Applicable Pricing Supplement to the Noteholders at a price or prices and on such terms as are indicated in the Applicable Pricing Supplement; or
- (c) that such Notes will also be redeemable at the option of the Noteholders upon giving such notice as is indicated in the Applicable Pricing Supplement to the Issuer at the Optional Redemption Amount in accordance with Condition 11.4 (*Redemption at the option of Noteholders*).

The Applicable Pricing Supplement may provide that Notes may be repayable in two or more instalments and on such dates as indicated in the Applicable Pricing Supplement.

Register

The Register maintained by the Transfer Agent in terms of the Agency Agreement and the Terms and Conditions.

Distribution

Notes may be distributed by way of public auction, private placement or any other means permitted under South African law, and in each case on a syndicated or non-syndicated basis as may be determined by the Issuer and the relevant Dealer(s) and reflected in the Applicable Pricing Supplement.

Selling Restriction

The distribution of this Programme Memorandum and any offering or sale of or subscription for a Tranche of Notes may be restricted in certain jurisdictions, and is restricted by law in the United States of America, the European Economic Area, the United Kingdom and South Africa (see the section of this Programme Memorandum headed "*Subscription and Sale*"). Any other or additional restrictions which are applicable to the placing of a Tranche of Notes will be set out in the Applicable Pricing Supplement. Persons who come into possession of this Programme Memorandum or any Applicable Pricing Supplement must inform

themselves about and observe all applicable selling restrictions.

Blocked Rand

Blocked Rand may be used to subscribe for, or purchase, Notes, subject to the Exchange Control Regulations.

Other taxes

No securities transfer tax will be payable in terms of the Securities Transfer Tax Act, 2007 in respect of the transfer, issue, cancellation or redemption of the Notes.

Taxation

As at the date of this Programme Memorandum all payments of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of taxes levied in South Africa unless such withholding or deduction is required by law. In the event that withholding tax or such other deduction is required by law, then the Issuer will, subject to certain exceptions as provided in Condition 12 (*Taxation*), make such payments as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction. For a summary of the position in relation to issue and transfer taxes, see "*Issue and Transfer Taxes*" above.

Governing Law

The Notes will be governed by, and construed in accordance with the laws of South Africa in force from time to time.

Terms and Conditions

The terms and conditions of the Notes set out in the section of the Programme Memorandum headed "*Terms and Conditions of the Notes*" below.

Use of Proceeds

The Issuer will use the issue proceeds of the Notes for its general corporate purposes, or as may otherwise be described in the Applicable Pricing Supplement.

RISK FACTORS

Words used in this section entitled “Risk Factors” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

The Issuer and the Guarantor believe that the following factors may affect their ability to fulfil their respective obligations under or in respect of, as the case may be, the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

Factors that the Issuer and the Guarantor believe may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer and the Guarantor believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the inability of the Issuer and/or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons, and neither the Issuer nor the Guarantor represents that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Programme Memorandum (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Factors that may affect the Issuer’s and Guarantor’s ability to fulfil their respective obligations under or in respect of the Notes issued under the Programme

Prospective investors should consider carefully the specific investment considerations set out below, in addition to the other information contained in this document, before making an investment decision in relation to the Notes.

Risk Factors relating to the Group

The Group may be negatively impacted by fluctuations in exchange rates.

The majority of the Group’s business is transacted in euro, South African rand, sterling, U.S. dollars, Colombian pesos and other local currencies. The functional and presentation currency of the Group is and will remain the U.S. dollar, although dividends are also payable in sterling and rand. In each country of operation, the Group generates revenue and incurs costs primarily in local currency. Fluctuations in the relative values of these currencies, or of any local currency, may adversely affect the results of the Group when translated into U.S. dollars. The Group seeks to manage currency exposure wherever possible through hedging and funding activity.

The Group operates in many developing markets, which exposes it to certain political and economic risks in these markets.

A substantial proportion of the Group's principal operations are in developing markets, including South Africa, China, India, Tanzania, Botswana, Mozambique, certain emerging European markets and Latin America. In particular, a significant proportion of the Group's earnings comes from its lager and other operations in South Africa and Colombia.

The Group's operations in these markets are subject to the usual risks of operating in developing countries, which include potential political and economic uncertainty, application of exchange controls, nationalisation or expropriation, empowerment legislation and policy, crime and lack of law enforcement, political insurrection, external interference, currency fluctuations, lack of upkeep of public infrastructure and changes in government policy. Such factors could affect the Group's results by causing interruptions to its operations or by increasing the costs of operating in those countries or by limiting the ability of the Group to extract profits from those countries.

Moreover, the economies of developing countries are often affected by developments in other emerging market countries, and, accordingly, adverse changes in developing markets elsewhere in the world could have a negative impact on the markets in which the Group operates.

The Group is exposed to the risks and effects of economic recession and to falls in per capita income, which could adversely affect the demand for its products.

The Group is exposed to the effects of global recession and of a recession in one or more of its key markets, including lower revenue and reduced income. For the beer business, recession adversely affects demand, and therefore the prices that can be achieved for beer in the relevant markets.

Beer consumption in many of the countries in which the Group operates is closely linked to general economic conditions, with levels of consumption tending to rise during periods of rising per capita income and fall during periods of declining per capita income. Additionally, per capita consumption is inversely related to the sale price of the Group's products.

Besides moving in concert with changes in per capita income, beer consumption also increases or decreases in accordance with changes in disposable income. Currently, disposable income is low in many of the countries in which the Group operates relative to disposable income in more developed countries. Any further decrease in disposable income resulting from an increase in income taxes, the cost of living or other factors would likely adversely affect demand for beer.

Changes or uncertainties in economic conditions may adversely impact the Group's sales, earnings and financial position. Whilst the Group takes steps to alleviate the impact of adverse economic conditions on its business, there can be no guarantee that these will be effective, and to the extent that such conditions do not improve or any improvement takes place over an extended period of time, the Group's business, results of operations and financial condition may be materially adversely affected.

The Group may be unable to influence its strategic partnerships.

A proportion of the Group's global portfolio consists of strategic partnerships in new or emerging markets such as China, Turkey and the CIS states, and a number of countries in Africa. There are challenges in influencing these diverse cultures to ensure that the Group integrates these business interests successfully into its wider global portfolio. In addition, the Group has a partnership in the United States, where decision making is shared equally. There can be challenges in ensuring that decisions are taken in such partnerships which promote the strategic and business objectives of the Group.

The Group may not be able successfully to carry out further acquisitions, or to integrate acquired businesses, including Foster's Group Pty. Ltd. (previously Foster's Group Limited) ("Foster's"), with the Group's businesses.

The Group's overall business strategy and focus is to be a significant participant in the consolidation of the global beer industry. In recent years, the Group has made numerous acquisitions of companies and businesses, including in Europe, Africa, Asia, Latin America, the United States and Australia. Although further consolidation of the beer industry is expected, the Group will be able to make further acquisitions only if it identifies suitable targets and agrees on terms attractive to it.

When considering an acquisition, the Group makes certain estimates as to economic, market and other conditions, including estimates relating to the value or potential value of the target and the potential return on investment. These estimates may prove to be incorrect, rendering the Group's further consolidation unsuccessful, with consequent negative effects for the Group's business, financial condition and results of operations.

Any acquisition which the Group has completed (including its acquisition of Foster's) or does complete is accompanied by the risks commonly encountered with acquisitions of companies or businesses, such as the difficulty of integrating the acquired businesses, the potential disruption to its own businesses, the retention of key management personnel, the assumption of unexpected liabilities and the possibility that indemnification agreements with the sellers of such assets may be insufficient to cover potential liabilities, the establishment and maintenance of common standards, controls, procedures and policies, and the impairment of relationships with employees and counterparties as a result of difficulties arising out of integration. In the case of any acquisition, there can be no assurance that these risks will not materialise, and such matters could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group may be impacted by changes in the availability or price of raw materials.

The supply and price of raw materials used to produce the Group's products can be affected by a number of factors beyond its control, including the level of crop production around the world, export demand, government regulations and legislation affecting agriculture, adverse weather conditions, currency fluctuations, economic factors affecting growth decisions, various plant diseases and pests. The Group cannot predict future availability or prices of the products and materials required for its products. The markets

in the relevant commodities may continue to experience price increases or suffer from disruptions in supply. The foregoing may affect the price and availability of ingredients that the Group uses to produce its products as well as the cans and bottles in which the Group's products are packaged. In particular, in recent years the Group has experienced significant input cost increases in the market prices of malt, barley and hops. Rising prices of oil, gasoline, natural gas and diesel fuel have also led to an increase in the cost of transport, glass and aluminium. The impact of this on the Group's profitability has been tempered through supply contracts for future requirements and an active hedging programme, combined with programmes to support development of local barley farming in India and China, and similar initiatives in a number of countries in Africa. However, such hedging measures may not provide complete protection over the longer term. If the Group cannot recapture these price increases through its sales to customers, or if volumes decrease as a result, the Group's revenues and/or profits may decrease, which could have a material adverse effect on the Group's business, financial condition and results of operations.

In addition, water availability is of utmost concern to the Group as the Group requires access to significant water resources to continue its operations. The Group has entered into partnerships with global, local and governmental partners in different regions to engineer a co-ordinated response to water stress. Despite these efforts, any stoppage, scarcity or interruption in water supply could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group is dependent on its senior management and may fail to identify, develop and retain its current and future global management capability.

In order to develop, support and market its products, the Group must hire and retain skilled employees with particular expertise. Failure to maintain this capacity at a high level or maintain its effective organisational leadership process, which can capture shared learning and leverage global synergies and expertise, could jeopardise its growth potential.

In addition, various aspects of the Group's business depend on the continuing services and skills of key individuals of the Group, in particular, its senior management and executive directors. The Group has entered into employment contracts and taken other steps to encourage the retention of these individuals, and to identify and retain additional personnel, but if one or more of these key individuals retire or are unable or unwilling to continue in their present positions, the Group may not be able to replace them easily or at all and its business, results of operations and financial condition could be materially adversely affected if certain key individuals either cease to be employed by the Group or their services cease to be available to the Group.

The Group operates in highly competitive markets.

Globally, brewers compete mainly on the basis of brand image, price, customer service, distribution networks and, particularly in developed markets, quality. While globally the beer industry is not highly concentrated, in many of the countries in which the Group has operations, including the United States, two or three brewers account for a very large proportion of the market and smaller local brewers make up the balance. Consolidation has significantly increased the capital base and geographic reach of the Group's other

competitors in some of the markets in which they operate, as well as increasing the cost of competition, and competition is expected to increase further as the trend towards consolidation among companies in the beer industry continues. Examples of this trend include the acquisition in 2008 by InBev S.A./N.V. of Anheuser-Busch Companies Inc. to form Anheuser-Busch InBev S.A./N.V. ("**A-B InBev**"), the acquisition by Heineken N.V. of the Mexican and Brazilian beer businesses of Fomento Económico Mexicana S.A.B. de C.V. ("**FEMSA**") in 2010, the Kirin Group's acquisition of Lion Nathan National Foods in 2009 and the Schincariol Group in 2011, the recently completed acquisition by Molson Coors of StarBev LP, and the recently announced proposed acquisition by A-B InBev of the remaining 50% (fifty percent) interest in Grupo Modelo, S.A.B. de C.V. which it does not already own.

In addition to competition among brewers, the Group competes against alternative beverages on the basis of factors over which the Group has little or no control and that may result in fluctuations in demand for the Group's products. Such factors include variation and perceptions in health consciousness, changes in prevailing economic conditions, changes in the demographic make-up of target consumers, changing social trends and attitudes regarding alcoholic beverages and changes in consumer preferences for beverages. Consumer tastes and behaviours are constantly evolving, and at an increasingly rapid rate. Competition in the beverage industry is expanding and becoming more fragmented, complex and sophisticated.

Competition with brewers and producers of alternative beverages in its various markets could cause the Group to reduce pricing, increase capital, marketing and other expenditure or lose market share, any of which could have a material adverse effect on the Group's business, financial condition and results of operations.

The jurisdictions in which the Group operates may adopt regulations that could increase costs and liabilities or could limit business activities.

The Group's business is highly regulated by the European Union and other national and local government entities and, in the case of MillerCoors LLC ("**MillerCoors**"), is subject to extensive regulation in the United States by federal, state and quasi-governmental authorities. These regulations govern many parts of the Group's operations, including brewing, bottling, branding, marketing and advertising, transportation, distributor relationships and sales. Other regulations governing taxation, environmental impact and labour relations also affect the Group's operations. Changes in any of the relevant regulations could have a material adverse effect on the Group's business, results of operations, cash flows or financial condition. There can be no assurance that the Group will not incur material costs or liabilities in connection with its compliance with current applicable regulatory requirements or that such regulations will not interfere with, restrict or affect the Group's businesses.

The level of regulation to which the businesses of the Group are subject can be affected by changes in the public perception of beer consumption. Governmental bodies may respond to any public criticism by implementing further regulatory restrictions on opening hours, drinking ages or advertising, or by varying, revoking or suspending the licenses, permits or approvals under which the Group operates. Such steps could adversely affect the sale and consumption of beer and have a material adverse effect on the Group's business, financial condition and results of operations.

Tax, fees and excise costs in excess of the Group's existing provisions may arise from fiscal reforms, discriminatory excise taxes and restrictive legislative environments.

Various legislative authorities in those countries in which the Group operates consider proposals from time to time to impose additional excise and other taxes or fees on the production and sale of alcoholic beverages, including beer. Changes in such duties applicable to the Group's products affect the prices at which they are sold. Increases in the levels of fees, excise and other tax (either on an absolute basis or relative to the levels applicable to other alcoholic beverages) could have a significant adverse impact on sales volumes. In addition, there is no assurance that the operations of the Group's breweries and other facilities will not become subject to increased taxation by national, local or foreign authorities. Changes in corporate income tax rates or regulations on repatriation of dividends and capital could also adversely affect the Group's cash flow and its ability to distribute earnings to the Group.

The Group is facing increasing restrictions on the marketing, distribution and sale of alcohol.

In recent years, there has been increased social and political attention directed at the alcoholic beverage industry, particularly in the United States. The Group believes that this attention is the result of public concern over alcohol-related problems, including drunk driving, underage drinking and the health consequences of the misuse of alcohol. Such public concerns and any resulting restrictions may cause consumption trends to shift away from beer to non-alcoholic beverages. If, as a result of such concerns and restrictions, the social acceptability of beer were to decline significantly, sales of the Group's products could materially decrease.

The Group is exposed to financial market risks, including fluctuations in foreign exchange and interest rates, which create volatility in relation to its derivative contracts.

The Group uses derivative financial instruments to manage foreign exchange rate and interest rate risks, which expose the Group to movements in foreign exchange and interest rates. The Group's derivatives include interest rate swaps, cross currency swaps and forward foreign currency contracts. Such derivative instruments are used to alter the risk profile of an existing underlying exposure of the Group in line with its risk management policies.

The accounting for these interest rate and foreign exchange rate hedging activities results in volatility in the Group's net assets caused by marking to market these derivative contracts at each balance sheet date. In addition, if derivatives are fixed at rates in excess of actual market rates, this may in the future reduce the Group's profitability. To the extent that the Group does not, or does not effectively, hedge its exposure to interest rate and foreign exchange rate fluctuations, the Group may incur higher than expected interest and foreign exchange expenses, which could have a material adverse effect on the Group's business, results of operations, financial condition or prospects.

The Group has exposure to the risk of litigation.

Companies in the alcoholic beverage industry are, from time to time, exposed to litigation relating to alcohol advertising, alcohol abuse problems or health consequences from the excessive consumption of alcohol. Increasing restrictions over the advertising of alcoholic beverages increases the risk of non-compliance with applicable regulations, which may increase the likelihood of litigation claims. Moreover, changes in applicable laws regarding claimant's rights and collective action and the growing claim culture potentially increase the risks of litigation. If any such litigation results in fines, liability to pay damages or reputational damage to Guarantor or any member of the Group or its brands, this could have a material adverse effect on the Group.

Negative publicity against consumption of alcoholic beverages in general and beer consumption in particular may adversely affect the Group.

Negative publicity regarding alcohol consumption generally and beer consumption specifically, whether medical in nature or otherwise, could adversely affect public perception of alcoholic beverages and negatively impact demand for the Group's products, which may result in a material adverse effect on the Group's business, results of operations and financial condition.

The Group's future capital needs may require that the Group seek debt financing, refinancing or additional equity funding, which may not be available or may be materially more expensive.

From time to time, the Group may be required to raise additional funds for its future capital needs or refinance its current funding through public or private financing, strategic relationships or other arrangements. However, due to the continuing economic uncertainty and recent crises in the global financial markets, there can be no assurance that such funding, if needed, will be available on attractive terms, or at all. Furthermore, any additional financing arrangements may be dilutive to shareholders, and debt financing, if available, may involve restrictive covenants.

In addition, debt financing, refinancing or additional equity funding may be materially more expensive due to the lack of liquidity in the market and the general lack of confidence in the markets. The Group's failure to raise capital when needed could have a material adverse effect on the Group's business, results of operations and financial condition.

The Group is subject to environmental regulation by national, state and local agencies, including, in certain cases, regulations that impose liability without regard to fault.

The Group's operations are subject to environmental regulation by national and local agencies. These can result in liability or increased costs of operations which might adversely affect the Group's profits. The environmental regulatory climate in the markets in which the Group operates is becoming stricter, with greater emphasis on enforcement. It is anticipated that, in the medium to long term, environmental controls in most of the jurisdictions in which the Group operates will be brought up to the same standards as those existing in the United States, Australia and Western Europe.

While the Group has budgeted for future capital and operating expenditure to maintain compliance with environmental laws and regulations, there can be no assurance that the Group will not incur any environmental liability or that applicable environmental laws and regulations will not change or become more stringent in the future.

Change in the competition regulations in certain jurisdictions in which the Group has a leading market share may restrict the Group's ability to expand through strategic acquisitions.

In many of the countries in which the Group operates, including South Africa, Australia, the United States and countries in Africa, Europe and Latin America, the Group has a leading position in the local beer markets. There can be no assurance that the introduction of new competition regulations in these markets would not have a material adverse effect on the Group's business by restricting the Group's ability to expand its operations through strategic or incremental acquisitions.

Certain of the Group's operations depend on independent distributors to sell its products.

Certain of the Group's operations, including MillerCoors, are highly dependent on independently owned wholesale distributors for distribution of their products for resale to retail outlets. There can be no assurance that these distributors, who often act both for the Group and its competitors, will not give the Group's competitors' products higher priority, thereby reducing their efforts to sell the Group's products. In addition, the regulatory environment of many states in the United States makes it very difficult to change distributors. In most cases, poor performance by a distributor is not a ground for replacement. The consequent inability of the Group to replace unproductive or inefficient distributors could have a material adverse effect on the Group's business.

The Group is dependent on sole suppliers for some of its key materials.

Certain companies within the Group currently purchase nearly all of their key packaging materials from sole suppliers under multi-year contracts. The loss or temporary discontinuity of supply from any of these suppliers without sufficient time to develop an alternative source could cause the Group to spend increased amounts on such supplies in the future.

If any of the Group's products are found to contain contaminants, the Group may be subject to product recalls or other liabilities which could cause it to incur significant additional costs.

The Group takes precautions to ensure that its beverage products are free from contaminants. Such precautions include quality-control programmes for primary materials, the production process and the Group's final products. The Group has established procedures to correct any problems that are detected. Although the Group has not had any material problems in the past with contamination of any of its products, in the event that contamination occurs in the future, it may lead to business interruption, product recalls or liability, each of which could have an adverse effect on the Group's business, reputation, prospects, financial condition and results of operations. Although the Group maintains insurance policies against certain of these

risks, it may not be able to enforce its rights in respect of these policies and, in the event contamination occurs, any amounts that the Group does recover may not be sufficient to offset any damage it may suffer.

The Group's results of operations depend heavily on maintaining good relations with its workforce.

The success of the Group depends upon maintaining good relations with its workforce. Management believes that the Group's relations with its employees and unions are satisfactory. A substantial majority of the Group's workforce in various of its operations is unionised. Any work stoppages or strikes could adversely affect the Group's ability to operate its businesses. There can be no assurance that any increase in labour costs would not have a material adverse effect on the Group's business.

There is a high incidence of HIV/AIDS in certain of the developing markets in which the Group operates.

The incidence of HIV/AIDS infection in developing markets, especially sub-Saharan Africa, is high, and prevalence rates are forecast to increase over the next decade, particularly in Africa, India and China. Those at risk may include both the Group's employees, giving rise to increased sickness and disability costs for the Group, and customers and consumers, resulting in a reduction in sales. There can be no assurance that the incidence of HIV/AIDS infection in the markets in which the Group operates will not have a material adverse effect on the Group's business.

The Group is reliant on the reputation of its brands and the protection of its intellectual property rights.

An event, or a series of events, that materially damages the reputation of one or more of the Group's brands could have an adverse effect on the value of that brand and subsequent revenue from that brand or business. The Group has invested considerable effort in protecting its brands, including the registration of trademarks and domain names. If the Group is unable to protect its intellectual property, any infringement or misappropriation could materially harm its future financial results, and its ability to develop its business. Also, if the Group fails to ensure the relevance and attractiveness of its brands, and the enhancement of brand marketing, there is a risk that significant growth opportunities may not be realised and this could have a material adverse effect on the Group's business.

The Group is reliant on its information technology to conduct its business in the different regions in which the Group operates.

The Group is increasingly reliant on its information technology and systems as the Group maintains operations in different regions and relies on its information systems to maintain and improve its operational efficiency. Although the Group takes preventative measures to protect and secure its information systems, these systems may be vulnerable to different operational or security challenges including telecommunications failures, interruptions, security breaches and other types of interference. Any such interference may have a material adverse effect on the Group's business, results of operations and financial condition.

Failure by the Group to complete the delivery of its current business capability programme could have a negative impact.

The Group is executing a major business capability programme designed to simplify its business processes, reduce costs and allow local management teams to focus more closely on their own markets. If the Group fails for any reason to successfully deliver this programme as planned or to derive the expected benefits from the programme, there is a risk of increased programme costs, delays in benefit realisation, disruption to the business or a reduced competitive advantage. This could have a material adverse effect on the Group's business, results of operations and financial condition.

Adverse weather conditions may reduce the demand for the Group's products.

Demand for the Group's products may be affected by adverse weather conditions. Demand is affected by seasonal consumption cycles whereby the Group experiences the strongest demand for its products during the summer months in each of the regions in which the Group operates. Adverse weather conditions, especially in the summer months, when unseasonably cool or wet weather can affect sales volumes and therefore may have a material adverse effect on the Group's results of operations and financial condition.

The Group may be negatively impacted by natural and other disasters.

The Group's business and operating results could be negatively impacted by natural, social, technical or physical risks or disruptions or disasters such as earthquakes, hurricanes, flooding, fire, water scarcity, power loss, loss of water supply, telecommunications failures, labour disputes, political instability, military conflict and uncertainties arising from terrorist attack, a global economic slowdown, the economic consequences of any military action and associated political instability.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors.

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Programme Memorandum or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such an investment will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes;

- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial and legal adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Notes subject to optional redemption by the Issuer.

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any such redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

In the event that the Issuer is obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of any taxes, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions.

Fixed/Floating Rate Notes.

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating

rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium.

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

The Notes and the Guarantee are unsecured obligations.

The Notes and the Guarantee will constitute unsecured obligations of the Issuer and the Guarantor, respectively, and will rank junior to all of the Issuer's and the Guarantor's existing and future secured obligations.

The Issuer and the Guarantor must rely on payments from their respective subsidiaries to fund payments on the Notes.

The Issuer and the Guarantor are holding companies with limited assets and limited ability to generate revenues. As such, the Issuer and the Guarantor are wholly dependent on funding arrangements with their respective subsidiaries to meet their cash requirements, including to pay amounts due under the Notes or (as the case may be) the Guarantee. If payments of dividends or other distributions from the Issuer's (or as the case may be) the Guarantor's subsidiaries are not made, for whatever reason, the Issuer or (as the case may be) the Guarantor may not have sufficient sources of funds available to make payments on the Notes or (as the case may be) the Guarantee. Holders will not have a direct claim on the cash flows or assets of the Issuer's or the Guarantor's respective subsidiaries and those subsidiaries have no obligation, contingent or otherwise, to pay amounts due under the Notes or the Guarantee, or to make funds available to the Issuer or the Guarantor for those payments. In addition, the ability of the Issuer's and the Guarantor's respective subsidiaries to make payments, loans or advances to the Issuer or the Guarantor may be limited by the laws of the jurisdiction in which such subsidiaries are organised or located.

Recourse to the Guarantor upon the occurrence of an Event of Default

In terms of the Guarantee, the Guarantor has irrevocably and unconditionally guaranteed the due and punctual performance of the obligations of the Issuer to each Noteholder under the Notes. On the occurrence of an Event of Default, each Noteholder shall have recourse only to the Guarantor and not the Issuer for payment of any amounts due under the Notes, the rights to which have, in terms of the Noteholder Cession, been ceded to the Guarantor by each Noteholder with effect from the date of occurrence of such

Event of Default. See in this regard Condition 6 (*Guarantee*) and Condition 7 (*Noteholder Cession and Non-Petition*).

Modification and waiver.

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Change of law.

No assurance can be given as to the impact of any possible judicial decision or change to South African law or the law of any other jurisdiction or administrative practice after the issuance of the Notes.

Legal investment considerations may restrict certain investments.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Foreign Exchange Control.

Foreign derived loan capital or equity capital may be introduced into South Africa through a formal system of Exchange Control as summarised in the section entitled "*South African Exchange Control*" of this Programme Memorandum. However, unless the prior approval of the South African Reserve Bank has been obtained, the proceeds from the sale of assets in South Africa owned by a non-resident are not remittable to the non-resident.

Risks related to the market generally.

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally.

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment

requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and greater price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls.

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in respect of the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks.

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings may not reflect all risks.

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

There is no active trading market for Notes.

The Notes issued under the Programme Memorandum will be new securities which may not be widely distributed and for which there is currently no active trading market. While application may be made for the Notes to be traded on the JSE or on such other Financial Exchange(s) as may be determined by the Issuer, there can be no assurance that the Issuer will be able to maintain such listing or that a trading market will develop for the Notes. If the Notes are traded after their initial issuance, they may trade at a discount or premium to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general political and economic conditions, the condition of the financial sector, the financial condition of the Issuer, the Issuer's financial performance and future prospects.

Financial Markets.

A prospective investor of the Notes should be aware of the prevailing and widely reported global credit market conditions (which continue at the date hereof), whereby there is a general lack of liquidity in the secondary markets for instruments similar to the Notes. The Issuer cannot predict if and when these circumstances will change, and if and when they do, whether conditions of general market illiquidity for the Notes and instruments similar to the Notes will return in future.

FORM OF THE NOTES

Words used in this section headed "Form of the Notes" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

Each Tranche of Notes may be listed on the Interest Rate Market of the JSE or on such other or further exchange(s) as may be determined by the Issuer and the Dealer(s) and subject to any Applicable Laws. Unlisted Notes may also be issued under the Programme. Unlisted Notes are not regulated by the JSE.

Each Tranche of Notes will be issued in the form of registered Notes in accordance with the Conditions and represented by (i) Individual Certificates, or (ii) no Individual Certificates, if issued in uncertificated form in terms of section 37 of the Securities Services Act.

Notes issued in uncertificated form

If the Notes are to be listed on the Interest Rate Market of the JSE, the Issuer will, subject to Applicable Laws, issue such Notes in uncertificated form. Unlisted Notes may also be issued in uncertificated form.

Notes issued in uncertificated form will not be represented by any certificate or written instrument.

All transactions in uncertificated securities as contemplated in the Securities Services Act will be cleared and settled in accordance with the Applicable Procedures. All the provisions relating to Beneficial Interests in the Notes held in the CSD will apply to Notes issued in uncertificated form.

Beneficial Interests

The CSD will hold each Tranche of Notes issued in uncertificated form, subject to the Securities Services Act and the Applicable Procedures. Each Tranche of Notes issued in uncertificated form will be registered in the name of the CSD's Nominee, and the CSD's Nominee will be named in the Register as the sole Noteholder of such Tranche of Notes.

Accordingly, and except where the contrary is provided in the Conditions, all amounts to be paid and all rights to be exercised in respect of the Notes issued in uncertificated form, will be paid to and may be exercised only by the CSD's Nominee for the holders of Beneficial Interests in such Notes.

The CSD maintains central securities accounts only for CSD Participants. As at the date of this Programme Memorandum, the CSD Participants are Absa Bank Limited, FirstRand Bank Limited, Nedbank Limited, The Standard Bank of South Africa Limited, Citibank N.A and the South African Reserve Bank.

The CSD Participants are in turn required to maintain securities accounts for their clients. The clients of CSD Participants may include the holders of Beneficial Interests in the Notes of their custodians. The clients

of CSD Participants, as the holders of Beneficial Interests or as custodians for such holders, may exercise their rights in respect of the Notes held by them in the CSD only through their CSD Participants.

In relation to each person shown in the records of the CSD or the relevant CSD Participant, as the case may be, as the holder of a Beneficial Interest in a particular Principal Amount of Notes, a certificate or other document issued by the CSD or the relevant CSD Participant, as the case may be, as to the Principal Amount of such Notes standing to the account of such person shall be *prima facie* proof of such Beneficial Interest.

Transfers of Beneficial Interests in the CSD to and from clients of the CSD Participants occur by electronic book entry in the central securities accounts of the clients of the CSD Participants. Transfers among CSD Participants of Notes held in the CSD system occur through electronic book entry in the CSD Participants' central security accounts with the CSD. Beneficial Interests may be transferred only in accordance with the Conditions and the rules and operating procedures for the time being of the CSD, CSD Participants and the JSE.

The Issuer shall regard the Register as the conclusive record of title to the Notes.

Individual Certificates

The Notes represented by Individual Certificates will be registered in the name of the individual Noteholders in the Register.

Payments of interest and principal in respect of Notes represented by Individual Certificates will be made in accordance with Condition 10 (*Payments*) to the person reflected as the registered holder of such Individual Certificates in the Register at 17h00 (Johannesburg time) on the Record Date, and the Issuer will be discharged by proper payment to or to the order of the registered holder of the Individual Certificate in respect of each amount so paid.

Other Notes

The Issuer may, subject to applicable law, without the consent of Noteholders, agree with any Dealer appointed in relation to such Tranche that a Tranche of Notes be issued in bearer form or in order form or in another form not contemplated by the Terms and Conditions, in which case a supplement to this Programme Memorandum or the Applicable Pricing Supplement, if appropriate, will be issued which will describe the effect of the agreement reached in relation to such Tranche of Notes.

7.1 Noteholder Cession

7.1.1 By virtue of a Noteholder subscribing for and/or holding a Note, each Noteholder agrees that:

7.1.1.1 upon and with effect from the occurrence of an Event of Default (and not prior thereto) ("**Cession Effective Date**"), it has hereby irrevocably ceded, assigned and transferred on an out-and-out basis (the "**Cession**") all of that Noteholder's rights, title and interest in and to the claims in regard to such Event of Default, to the Guarantor under and in terms of the Notes (the "**Ceded Claim**"). The Guarantor accepts the Cession to it of any and all Ceded Claims; and

7.1.1.2 in return, a Noteholder shall be entitled to receive from the Guarantor and the Guarantor shall pay to the Noteholder, the Early Redemption Amount and any such other amounts payable by the Issuer in respect of the Notes.

7.1.2 Notwithstanding the provisions of Condition 7.1.1 above, should the Guarantee be found by a Court of competent jurisdiction not to have become of force and effect, then save for the provisions of this Condition 7.1.2, the remaining provisions of this Condition 7 will be deemed to be unenforceable against the Noteholders.

7.2 **Non-Petition and Effect of Noteholder Cession**

7.2.1 With effect from the Cession Effective Date, the Noteholder shall:

7.2.1.1 no longer have any claim in regard to such Event of Default against the Issuer, but will, subject to the provisions of this Condition 7, have a claim(s) for payment against the Guarantor directly under the Guarantee;

7.2.1.2 be subject to the limitation of Non-Petition; and

7.2.1.3 not be entitled to lodge any claim whatsoever, whether in competition with the Guarantor or otherwise, in the event of the bankruptcy, insolvency or liquidation of the Issuer, and shall rely exclusively on the Guarantee to meet any valid claim it has in relation to the Notes.

8. **NEGATIVE PLEDGE**

8.1 So long as any of the Notes remain Outstanding, no Encumbrances other than Permitted Encumbrances shall be created or permitted to be created over the whole or any part of the present or future undertaking, assets or revenues (including any uncalled capital) of any Material Group Company to secure any Relevant Indebtedness, or payment under any guarantee or indemnity granted by the Issuer, the Guarantor or any Subsidiary in respect of any Relevant Indebtedness without all Notes being secured at the same time, equally and rateably with such Relevant Indebtedness or with such other security as may be approved by Extraordinary Resolution of the Noteholders, unless the provision of any such security is waived by an Extraordinary Resolution of the Noteholders.

8.2 The Issuer shall be entitled, but not obliged, to form, or procure the formation of, a trust or special purpose company (or more than one), or appoint, or procure the appointment of, an agent or agents to hold any such rights of security for the benefit or on behalf of such Noteholders.

9. INTEREST

9.1 Interest on Fixed Rate Notes

9.1.1 Each Fixed Rate Note bears interest on its outstanding Principal Amount from (and including) the Interest Commencement Date specified in the Applicable Pricing Supplement at the rate(s) per annum equal to the Fixed Interest Rate(s) so specified, payable in arrears on the Interest Payment Date(s) in each year up to and including the Maturity Date.

9.1.2 The first payment of interest will be made on the Fixed Interest Payment Date next following the Interest Commencement Date.

9.1.3 Except as provided in the Applicable Pricing Supplement, the amount of interest payable per Note on each Fixed Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount, provided that:

- (a) if an Initial Broken Amount is specified in the Applicable Pricing Supplement, then the first Interest Amount shall equal the Initial Broken Amount specified in the Applicable Pricing Supplement; and
- (b) if a Final Broken Amount is specified in the Applicable Pricing Supplement, then the final Interest Amount shall equal the Final Broken Amount.

9.1.4 If interest is required to be calculated for a period other than a Fixed Interest Period such interest shall be calculated by applying the Fixed Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, as specified in the Applicable Pricing Supplement, and rounding the resultant figure to the nearest Sub-unit of the relevant Specified Currency, half such Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

9.2 Interest on Floating Rate Notes

9.2.1 *Interest Payment Dates*

Each Floating Rate Note bears interest on its outstanding Principal Amount from (and including) the Interest Commencement Date specified in the Applicable Pricing Supplement, and such interest will be payable in arrears on the Interest Payment Date(s) in each year specified in the Applicable Pricing Supplement. Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

9.2.2 *Interest Rate*

The Interest Rate payable from time to time in respect of the Floating Rate Notes will be determined:

- (a) on the basis of ISDA Determination; or
- (b) on the basis of Screen Rate Determination; or
- (c) on such other basis as may be determined by the Issuer,

all as specified in the Applicable Pricing Supplement.

9.2.3 *ISDA Determination*

Where ISDA Determination is specified in the Applicable Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will be the relevant ISDA Rate (as defined below) plus or minus (as indicated in the Applicable Pricing Supplement) the Margin (if any).

For the purposes of this Condition 9.2.3 (*ISDA Determination*):

“ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by such agent as is specified in the Applicable Pricing Supplement under an interest rate swap transaction if that agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the most recent ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the Applicable Pricing Supplement;
- (b) the Designated Maturity is the period specified in the Applicable Pricing Supplement; and
- (c) the relevant Reset Date is either: (i) if the applicable Floating Rate Option is based on ZAR-JIBAR-SAFEX, the first day of that Interest Period; or (ii) in any other case, as specified in the Applicable Pricing Supplement.

“Floating Rate”, **“Floating Rate Option”**, **“Designated Maturity”** and **“Reset Date”** have the meanings given to those terms in the ISDA Definitions specified in the Applicable Pricing Supplement.

9.2.4

Screen Rate Determination

Where Screen Rate Determination is specified in the Applicable Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will, subject to the provisions below, be either:

- (a) if the relevant screen page is available,
 - (i) the offered quotation (if only one quotation appears on the screen page); or
 - (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage per annum) for the Reference Rate(s) which appears on the Relevant Screen Page as at 11h00 (or as otherwise specified in the Applicable Pricing Supplement) (Johannesburg time) on the Interest Determination Date in question, plus or minus (as indicated in the Applicable Pricing Supplement) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations; or

- (b) if the Relevant Screen Page is not available or if, in the case of (i) above in this Condition 9.2.4 (*Screen Rate Determination*), no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Calculation Agent shall request the principal Johannesburg office of each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11h00 (Johannesburg time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Interest Rate for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent; or
- (c) if the Interest Rate cannot be determined by applying the provisions of the preceding paragraphs of this Condition 9.2.4 (*Screen Rate Determination*), the Interest Rate for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary

to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks offered, at approximately 11h00 (Johannesburg time) on the relevant Interest Determination Date, deposits in an amount approximately equal to the Principal Amount of the Notes of the relevant Series, for a period equal to that which would have been used for the Reference Rate, to prime banks in the Johannesburg inter-bank market plus or minus (as appropriate) the Margin (if any). If fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the Interest Rate for the relevant Interest Period will be determined by the Calculation Agent as the arithmetic mean (rounded as provided above) of the rates for deposits in an amount approximately equal to the Principal Amount of the Notes of the relevant Series, for a period equal to that which would have been used for the Reference Rate, quoted at approximately 11h00 (Johannesburg time) on the relevant Interest Determination Date, by the Reference Banks plus or minus (as appropriate) the Margin (if any). If the Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Interest Rate shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the Applicable Pricing Supplement as being other than ZAR-JIBAR-SAFEX, the Interest Rate in respect of such Notes will be determined as provided in the Applicable Pricing Supplement.

9.2.5 *Minimum and/or Maximum Interest Rate*

If the Applicable Pricing Supplement specifies a Minimum Interest Rate for any Interest Period, then the Interest Rate for such Interest Period shall in no event be less than such Minimum Interest Rate and/or if it specifies a Maximum Interest Rate for any Interest Period, then the Interest Rate for such Interest Period shall in no event be greater than such Maximum Interest Rate.

9.2.6 *Determination of Interest Rate and calculation of Interest Amount*

The Calculation Agent will, in the case of Floating Rate Notes, at or as soon as practical after each time at which the Interest Rate is to be determined, determine the Interest Rate and calculate the Interest Amount for the relevant Interest Period and the Calculation Agent shall notify the Issuer of the Interest Rate for the relevant Interest Period as soon as is practicable after calculating the same. Each Interest Amount shall be calculated by applying the Rate of Interest to the Specified Denomination, multiplying

such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest Sub-unit of the relevant Specified Currency, half a Sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

9.2.7 *Notification of Interest Rate and Interest Amount*

The Issuer will cause the Interest Rate and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the JSE and the CSD and/or every other relevant exchange or authority as soon as possible after their determination but in any event no later than the 4th (fourth) Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to the JSE and the CSD and/or every other relevant exchange or authority and to the Noteholders, in accordance with Condition 19 (*Notices*).

9.2.8 *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this sub-paragraph 9.2 by the Calculation Agent shall (in the absence of wilful deceit, bad faith or manifest error or proven error) be binding on the Issuer and all Noteholders and in the absence as aforesaid, no liability to the Issuer or the Noteholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

9.3 **Interest on Dual Currency Notes**

In the case of Dual Currency Notes, the Rate of Interest or Interest Amount payable shall be determined in the manner specified in the Applicable Pricing Supplement.

9.4 **Interest on Mixed Rate Notes**

The Rate of Interest payable from time to time on Mixed Rate Notes shall be the Rate of Interest payable on the form of interest-bearing Note (be it a Fixed Rate Note, Floating Rate Note, Dual Currency Note or Indexed Note) specified for each respective period each as specified in the Applicable Pricing Supplement. During each such applicable period, the Rate of Interest on the Mixed Rate Notes shall be determined and fall due for payment on the basis that such Mixed Rate Notes are Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Dual Currency Notes or Indexed Notes, as the case may be.

9.5 **Interest on Indexed Notes**

In the case of Indexed Notes, if the Interest Rate or Final Redemption Amount falls to be

determined by reference to an index and/or a formula, such rate or amount payable shall be determined in the manner specified in the Applicable Pricing Supplement. Any interest payable shall fall due for payment on the Interest Payment Date(s).

9.6 **Interest on Partly Paid Notes**

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue on the paid-up Principal Amount of such Notes and otherwise as specified in the Applicable Pricing Supplement.

9.7 **Interest on Instalment Notes**

In the case of Instalment Notes, interest will accrue on the amount outstanding on the relevant Note from time to time and otherwise as specified in the Applicable Pricing Supplement.

9.8 **Interest on Extendible Notes**

If the Redemption Date of Extendible Notes is extended by the Issuer, the Interest Rate in respect of the Principal Amount Outstanding will be increased by the Step-up Margin, from and including the Redemption Date to but excluding the Actual Redemption Date.

9.9 **Accrual of Interest**

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date of its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will accrue at the Default Rate specified in the Applicable Pricing Supplement until the date on which all amounts due in respect of such Note have been paid, or, in respect of uncertificated Notes or Notes evidenced by an Individual Certificate, the date on which the full amount of the money payable has been received by the CSD and/or the CSD Participants and notice to that effect has been given to Noteholders in accordance with Condition 19 (*Notices*).

9.10 **Business Day Convention**

If any Interest Payment Date (or other date) which is specified in the Applicable Pricing Supplement to be subject to adjustment in accordance with a Business Day Convention falls on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) the "**Floating Rate Business Day Convention**", such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event: (i) such Interest Payment Date (or other date) shall be brought forward to the first preceding Business Day; and (ii) each subsequent Interest Payment Date (or other date) shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in

the Applicable Pricing Supplement after the preceding applicable Interest Payment Date (or other date) has occurred; or

- (b) the “**Following Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (c) the “**Modified Following Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other such date) shall be brought forward to the first preceding Business Day; or
- (d) the “**Preceding Business Day Convention**”, such Interest Payment Date (or other date) shall be brought forward to the first preceding Business Day.

10. PAYMENTS

10.1 General

Payments of interest and principal in respect of Notes held in uncertificated form in the CSD will be made to the CSD’s Nominee, as the registered holder of such Notes, which in turn will transfer such funds, *via* the CSD Participants, to the holders of Beneficial Interests. Each of the persons reflected in the records of the CSD or the relevant CSD Participants, as the case may be, as the holders of Beneficial Interests shall look solely to the CSD or the relevant CSD Participant, as the case may be, for such person’s share of each payment so made by the Issuer to, or for the order of, the registered holder of the Notes held in uncertificated form. The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to such Beneficial Interests. Payments of interest and principal in respect of Notes held in the CSD in uncertificated form shall be recorded by the CSD’s Nominee, as the registered holder of the Notes, distinguishing between interest and principal, and such record of payments by the registered holder of the Notes shall be *prima facie* proof of such payments.

Payments of principal and/or interest on an Individual Certificate shall be made to the Transfer Agent, who will in turn, acting on behalf of the Issuer in accordance with the terms and conditions of the Agency Agreement, make payment to the registered holder of such Note, as set forth in the Register on the close of business on the Last Day to Register (as specified in the Applicable Pricing Supplement). In addition to the above, in the case of a final redemption payment, the holder of the Individual Certificate shall be required, on or before the Last Day to Register prior to the Maturity Date, to surrender such Individual Certificate at the offices of the Transfer Agent.

10.2 **Method of Payment**

Payments will be made in the Specified Currency by credit or transfer, by means of electronic settlement, to the Noteholder.

Payments will be subject in all cases to any fiscal or other laws, directives and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 12 (*Taxation*).

If the Issuer is prevented or restricted directly or indirectly from making any payment by electronic funds transfer in accordance with the preceding paragraph (whether by reason of strike, lockout, fire, explosion, flood, riot, war, accident, act of God, embargo, legislation, shortage of or breakdown in facilities, civil commotion, unrest or disturbances, cessation of labour, Government interference or control or any other cause or contingency beyond the control of the Issuer), the Issuer shall make such payment by cheque marked "not transferable" (or by such number of cheques as may be required in accordance with applicable banking law and practice to make payment of any such amounts). Such payments by cheque shall be sent by post to:

- (a) the address of the Noteholder as set forth in the Register; or
- (b) in the case of joint Noteholders, the address set forth in the Register of that one of them who is first named in the Register in respect of that Note.

Each such cheque shall be made payable to the relevant Noteholder, or in the case of joint Noteholders the first one of them named in the Register. Cheques may be posted by ordinary post, provided that neither the Issuer nor the Transfer Agent shall be responsible for any loss in transmission and the postal authorities shall be deemed to be the agent of the Noteholders for the purposes of all cheques posted in terms of this Condition 10.2 (*Method of Payment*).

In the case of joint Noteholders, payment by electronic funds transfer will be made to the account of the Noteholder first named in the Register. Payment by electronic transfer to the Noteholder first named in the Register shall discharge the Issuer of its relevant payment obligations under the Notes.

10.3 **Payment Day**

If the date for payment of any amount in respect of any Note is not a Business Day the holder thereof shall not be entitled to payment until the next following Business Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

10.4 **Interpretation of Principal and Interest**

Any reference in these Terms and Conditions to principal in respect of the Notes shall be

deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 12 (*Taxation*);
- (b) the Final Redemption Amount of the Notes or the Early Redemption Amount of the Notes, as the case may be;
- (c) the Optional Redemption Amount(s) (if any);
- (d) in relation to Instalment Notes, the Instalment Amounts;
- (e) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 11.5 (*Early Redemption Amounts*)); and
- (f) any premium and any other amounts which may be payable by the Issuer under or in respect of the Notes, but excluding for the avoidance of doubt, interest.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 12 (*Taxation*).

11. REDEMPTION AND PURCHASE

11.1 At maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed in the Specified Currency by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the Applicable Pricing Supplement on the Redemption Date.

The Issuer shall be entitled to extend the Redemption Date of all or part of the Principal Amount Outstanding of Extendible Notes. If such option is exercised by the Issuer in respect of part of the Principal Amounts Outstanding of such Extendible Notes, then the Issuer shall redeem such portion of Notes not so extended at the Partial Redemption Amount and subject to any further extension, the redemption of the balance, being the Principal Amount Outstanding will be extended to a date specified in the Applicable Pricing Supplement or otherwise notified to Noteholders. For the avoidance of doubt, the Issuer is not obliged to treat all Noteholders of Extendible Notes in the same manner.

11.2 Redemption for tax reasons

Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes or Indexed Notes or Mixed Rate Notes having an

interest rate then determined on a floating or indexed basis) or on any Interest Payment Date (in the case of Floating Rate Notes, Indexed Notes or Mixed Rate Notes having an interest rate then determined on a floating or indexed basis), on giving not less than 30 (thirty) nor more than 60 (sixty) calendar days' notice to the Noteholders in accordance with Condition 19 (*Notices*) (which notice shall be irrevocable), if the Issuer is of the reasonable opinion that:

- (a) on the occasion of the next payment due under the Notes, the Issuer or, if the Guarantee were called, the Guarantor, has or will become obliged to pay additional amounts as provided for or referred to in Condition 12 (*Taxation*) as a result of any change in or amendment to, the laws or regulations of the country of domicile (or residence for tax reasons) of the Issuer or the Guarantor (as the case may be) or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date; and
- (b) such obligation cannot be avoided by the Issuer or the Guarantor (as the case may be) taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 (ninety) calendar days prior to the earliest date on which the Issuer or the Guarantor (as the case may be) would be obliged to pay such additional amounts were a payment in respect of the Notes or the Guarantee (as the case may be) then due. On the date of publication of any notice of redemption pursuant to this Condition 11.2 (*Redemption for tax reasons*), the Issuer or the Guarantor (as the case may be) shall deliver to the Transfer Agent and the Paying Agent at their registered offices, for inspection by any holder of Notes so redeemed, a certificate signed by two authorised signatories of the Issuer or the Guarantor (as the case may be) stating that the Issuer or the Guarantor (as the case may be) is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer or the Guarantor (as the case may be) so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer or the Guarantor (as the case may be) has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed for tax reasons pursuant to this Condition 11.2 (*Redemption for tax reasons*) will be redeemed at their Early Redemption Amount referred to in Condition 11.5 (*Early Redemption Amounts*), together (if appropriate) with interest accrued to (but excluding) the date of redemption.

11.3 **Redemption at the option of the Issuer**

If the Issuer is specified in the Applicable Pricing Supplement as having an option to redeem, the Issuer shall be entitled, having given:

- (a) the required notice set out in the Applicable Pricing Supplement to the Noteholders in accordance with Condition 19 (*Notices*); and
- (b) not less than 7 (seven) calendar days before giving the notice referred to in (a) above, notice to the Transfer Agent,

(both of which notices shall be irrevocable) to redeem all or some of the Notes then Outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the Applicable Pricing Supplement together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption amount must be of a nominal amount equal to or greater than the Minimum Redemption Amount or equal to or less than a Higher Redemption Amount, both as indicated in the Applicable Pricing Supplement. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemable Notes**") will be selected:

- (a) in the case of Redeemable Notes represented by Individual Certificates individually by lot;
- (b) in the case of Redeemable Notes issued in uncertificated form in accordance with the Applicable Procedures,

and in each such case not more than 30 (thirty) calendar days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**").

A list of the serial numbers of the Individual Certificates of Unlisted Registered Notes will be published in accordance with Condition 19 (*Notices*) not less than 15 (fifteen) calendar days prior to the date fixed for redemption.

No exchange of Beneficial Interests in Notes issued in uncertificated form for Individual Certificates will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this Condition 11.3 (*Redemption at the option of the Issuer*) and notice to that effect shall be given by the Issuer to the Noteholders in the notice to Noteholders contemplated in paragraph (a) above.

Holders of Redeemable Notes shall surrender the Individual Certificates (if any), representing the Notes in accordance with the provisions of the notice given to them by the Issuer as contemplated above.

11.4 **Redemption at the option of Noteholders**

If Noteholders of Notes are specified in the Applicable Pricing Supplement as having an option to redeem any Notes, such Noteholders may redeem the Notes represented by an Individual Certificate, by delivering to the Issuer and the Transfer Agent in accordance with Condition 19 (*Notices*), a duly executed notice ("**Put Notice**"), at least 15 (fifteen) calendar days but not more

than 30 (thirty) calendar days, prior to the applicable Optional Redemption Date. The redemption amount specified in such Put Notice in respect of any such Note must be of a nominal amount equal to or greater than the Minimum Redemption Amount or equal to or less than the Higher Redemption Amount, each as indicated in the Applicable Pricing Supplement.

The redemption of the Notes issued in uncertificated form shall take place in accordance with the Applicable Procedures.

Where a Noteholder redeems the Notes represented by an Individual Certificate, such Noteholder shall deliver the Individual Certificate to the Transfer Agent for cancellation by attaching it to a Put Notice. A holder of an Individual Certificate shall specify its payment details in the Put Notice for the purposes of payment of the Optional Redemption Amount.

The Issuer shall proceed to redeem such Notes (in whole but not in part) in accordance with the terms of the Applicable Pricing Supplement, at the Optional Redemption Amount and on the Optional Redemption Date, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

The delivery of Put Notices shall be required to take place during normal office hours of the Transfer Agent. Put Notices shall be available from the registered office of the Issuer.

The Issuer shall have no obligation to remedy any defects in any Put Notice or bring any such defects to the attention of any Noteholder and shall not be liable whatsoever for any claims or losses arising in connection with a defective or invalid Put Notice.

11.5 **Early Redemption Amounts**

For the purpose of Condition 11.2 (*Redemption for tax reasons*) and Condition 14 (*Events of Default*) (and otherwise as stated herein), the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (a) in the case of Notes with a Final Redemption Amount equal to the Principal Amount, at the Final Redemption Amount thereof; or
- (b) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price, to be determined in the manner specified in the Applicable Pricing Supplement, at that Final Redemption Amount or, if no such amount or manner is so specified in the Pricing Supplement, at their Principal Amount; or
- (c) in the case of Zero Coupon Notes, at an amount (the “**Amortised Face Amount**”) equal to the sum of: (i) the Reference Price; and (ii) the product of the Implied Yield (compounded semi-annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or, as the case may be,

the date upon which such Note becomes due and payable, or such other amount as is provided in the Applicable Pricing Supplement.

Where such calculation is to be made for a period which is not a whole number of years, it shall be calculated on the basis of actual calendar days elapsed divided by 365, or such other calculation basis as may be specified in the Applicable Pricing Supplement.

11.6 **Instalment Notes**

Instalment Notes will be redeemed at the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 11.5 (*Early Redemption Amounts*).

11.7 **Partly Paid Notes**

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 11 (*Redemption and Purchase*) and the Applicable Pricing Supplement.

11.8 **Exchangeable Notes**

If the Notes are Exchangeable Notes, they will be redeemed, whether at maturity, early redemption or otherwise in the manner indicated in the Applicable Pricing Supplement.

Exchangeable Notes in respect of which Mandatory Exchange is indicated in the Applicable Pricing Supplement as applying, or upon the exercise by the Noteholder of the Noteholders' Exchange Right (if applicable), will be redeemed by the Issuer delivering to each Noteholder so many of the Exchange Securities as are required in accordance with the Exchange Price. The delivery by the Issuer of the Exchange Securities in the manner set out in the Applicable Pricing Supplement shall constitute the *in specie* redemption in full of such Notes.

11.9 **Purchases**

The Issuer, the Guarantor and any Subsidiary may at any time purchase Notes at any price in the open market or otherwise. In the event of the Issuer, the Guarantor or any Subsidiary purchasing Notes, such Notes may (subject to restrictions of any applicable law) be held, resold or, at the option of the Issuer, cancelled.

11.10 **Cancellation**

All Notes which are redeemed will forthwith be cancelled.

11.11 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, pursuant to Condition 11 (*Redemption and Purchase*) or upon its becoming due and repayable as provided in Condition 14 (*Events of Default*), is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (c) under Condition 11.5 (*Early Redemption Amounts*), as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of: (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and (ii) where relevant, 5 (five) calendar days after the date on which the full amount of the moneys payable has been received by the CSD, and notice to that effect has been given to the Noteholders in accordance with Condition 19 (*Notices*).

12. TAXATION

Payments of principal and interest in respect of the Notes by the Issuer will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of South Africa or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law.

In such event the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction except that no such additional amounts shall be payable with respect to any Note:

- (a) held by or on behalf of a Noteholder, who is liable for such taxes or duties in respect of such Note by reason of his having some connection with South Africa other than the mere holding of such Note or the receipt of principal or interest in respect thereof; or
- (b) held by or on behalf of a Noteholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residency or other similar claim for exemption to the relevant tax authority (the effect of which is not to require the disclosure of the identity of the relevant Noteholder); or
- (c) where such withholding or deduction is in respect of taxes levied or imposed on interest or principal payments only by virtue of the inclusion of such amounts or payments in the gross income (as defined in section 1 of the Income Tax Act), or by virtue of the inclusion of such amounts or payments in the taxable income (as defined in section 1 of the Income Tax Act), of any Noteholder; or

- (d) where (in the case of payment of principal and/or interest which is conditional on the surrender and/or presentation of the relevant Individual Certificate in accordance with the Terms and Conditions) the relevant Individual Certificate is surrendered and/or presented more than 30 (thirty) calendar days after the Relevant Date except to the extent that the relevant Noteholder would have been entitled to an additional amount on presenting the same for payment on such thirtieth day; or
- (e) if such withholding or deduction arises through the exercise by revenue authorities of special powers in respect of tax defaulters; or
- (f) where the Noteholder is entitled to claim a tax reduction, credit or similar benefit in respect of such withholding or deduction in terms of the Noteholder's domestic tax laws or applicable double tax treaty, and such tax reduction, credit or similar benefit is actually granted to the Noteholder.

The payment of any Taxes by the Issuer as an agent or representative tax payer for a Noteholder shall not constitute a withholding or deduction for the purposes of this Condition 12 (*Taxation*).

Any reference in these Terms and Conditions to any amounts in respect of the Notes shall be deemed also to refer to any additional amounts which may be payable under these Terms and Conditions or under any undertakings given in addition to, or in substitution for, these Terms and Conditions.

13. **PRESCRIPTION**

The Notes will become void unless presented for payment of principal and interest within a period of 3 (three) years after the Relevant Date therefor, save that any Individual Certificate constituting a "*bill of exchange or other negotiable instrument*" in accordance with section 11 of the Prescription Act, 1969 will become void unless presented for payment of principal and interest within a period of 6 (six) years from the Relevant Date.

- 14.1.7 the Issuer or the Guarantor, as the case may be, initiates or consents to the commencement of business rescue proceedings relating to itself, or an order by any court of competent jurisdiction or authority for the liquidation, winding-up, dissolution, commencement of business rescue proceedings or analogous proceedings of the Issuer

- 14.3 If any one or more of the Events of Default shall have occurred and be continuing, then the holders of not less than 25% (twenty-five percent) in aggregate Principal Amount of the Outstanding Notes may, by written notice to the Issuer at the registered office of the Issuer and to the Guarantor at the registered office of the Guarantor, effective upon the date of receipt thereof by the Issuer and the Guarantor, declare the Notes held by such Noteholder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 11.5 (*Early Redemption Amounts*)), together with accrued interest (if any) to the date of repayment or as specified in the Applicable Pricing Supplement, provided that although an amount may be due it will not be regarded as being payable if the Issuer withholds or refuses to make any such payment in order to comply with any law or regulation of South Africa or to comply with any order of a court of competent jurisdiction.

The Transfer Agent will, as soon as is practicable but within 14 (fourteen) days after receiving such notice, in accordance with the Applicable Procedures, procure that an Individual Certificate is prepared, authenticated and made available for delivery, on a Business Day falling within the aforementioned 14 (fourteen) day period, to the holder of the Beneficial Interest at the Specified Office of the Transfer Agent; provided that joint holders of a Beneficial Interest shall be entitled to receive only an Individual Certificate in respect to that joint holding, and delivery to one of those joint holders shall be delivery to all of them.

15.2 **Costs**

Individual Certificates shall be provided (whether by way of issue, delivery or exchange) by the Issuer without charge, save as otherwise provided in these Conditions. Mutilated or defaced Individual Certificates must be surrendered before replacements will be issued.

15.4 **Death and sequestration or liquidation of Noteholders**

Any person becoming entitled to Notes in consequence of the death, sequestration or liquidation of the relevant Noteholder may, upon producing evidence to the satisfaction of the Issuer that he holds the position in respect of which he proposes to act under this paragraph or of his title, require the Transfer Agent to register such person as the holder of such Notes or subject to the requirements of this Condition, to transfer such Notes to such person.

Transfers of Beneficial Interests among CSD Participants occur through electronic book entry in the securities accounts maintained by the CSD for the CSD Participants. Such transfers of Beneficial Interests will not be recorded in the Register and the CSD's Nominee will continue to be reflected in the Register as the Noteholder in respect of the Notes. Beneficial Interests may be transferred only in accordance with these Conditions and the Applicable Procedures.
- 16.4 In order for any transfer of Notes represented by an Individual Certificate to be effected through the Register and for the transfer to be recognised by the Issuer, each transfer of a Note:

- 16.6 The transferor of any Notes represented by an Individual Certificate shall be deemed to remain the owner thereof until the transferee is registered in the Register as the holder thereof.
- 16.7 Before any transfer is registered, all relevant transfer taxes (if any) must have been paid and such evidence must be furnished as the Transfer Agent reasonably requires as to the identity of the transferor and the transferee.
- 16.8 No transfer will be registered while the Register is closed as contemplated in Condition 17.1.7 (*Register*). The last time for a Noteholder to register to qualify for payment of interest and principal is 16h00 (Johannesburg time) on the Last Day to Register.

- 16.9 If a transfer is registered, the Transfer Form and cancelled Individual Certificate will be retained by the Transfer Agent.
- 16.10 In the event of a partial redemption of Notes under Condition 11.3 (*Redemption at the option of the Issuer*), the Transfer Agent shall not be required in terms of Condition 11.3 (*Redemption at the option of the Issuer*), to register the transfer of any Notes during the period beginning on the tenth day before the date of the partial redemption and ending on the date of the partial redemption (both inclusive).

- 17.4 Except as provided for in these Terms and Conditions or as required by law, the Issuer shall not be bound to enter any trust in the Register or to take notice of or to accede to the execution of any trust (express, implied or constructive) to which any Individual Certificate may be subject.

The Issuer is entitled to vary or terminate the appointment of the Transfer Agent, the Calculation Agent, the CSD Participant and/or the Paying Agent and/or appoint additional or other agents and/or approve any change in the specified office through which any agent acts, provided that there will at all times be a Transfer Agent, Calculation Agent, CSD Participant and Paying Agent with an office in such place as may be required by the Applicable Procedures. Each such notice will be deemed to have been given on the day of first publication or delivery by hand or on the 14th (fourteenth) day after the day on which it is mailed, as the case may be.
- 19.2 For so long as the Notes are held in their entirety by the Central Securities Depository, publication as contemplated in Condition 19.1 may be substituted with the delivery of the relevant notice to the Central Securities Depository's Nominee, the Participants and the JSE for communication by them to the holders of Beneficial Interests in the Notes, in accordance with the Applicable Procedures.
- 19.3 Where any provision of these Conditions requires notice to be given to the Noteholders of any matter other than a meeting of Noteholders, such notice shall be given *mutatis mutandis* as set out above, subject to compliance with any other time periods prescribed in the provision concerned.
- 19.4 All notices (including all communications, demands and/or requests under the Terms and Conditions) to be given by any Noteholder to the Issuer, the Guarantor or the Transfer Agent, as the case may be, will be in writing and given by delivering the notice, by hand or by registered post, together with a certified copy of the relevant Individual Certificate, to the Specified Office of the Issuer, the Guarantor or the Transfer Agent, as the case may be, and marked for the attention of the chief executive officer. 19.6 If any Notes are listed on the Interest Market of the JSE, any notices to Noteholders, including of meetings and any amendments to the Terms and Conditions, shall be published on the Securities Exchange News Service ("**SENS**").

20. **MEETINGS OF NOTEHOLDERS**

20.1 A Noteholder may, by an instrument in writing (a "**form of proxy**") signed by the Noteholder or, in the case of a corporation, executed under its common seal or signed on its behalf by an attorney or a duly authorised officer of the corporation, appoint any person (a "**proxy**" or "**proxies**") to act on his or its behalf in connection with any meeting or proposed meeting of a Class of Noteholders.

20.2 Any proxy appointed pursuant to Condition 20.1 (*Meeting of Noteholders*) or a Representative shall, so long as the appointment remains in force, be deemed for all purposes in connection with any meeting or proposed meeting of that Class of Noteholders specified in the appointment, to be the holder of the Notes to which the appointment relates and the actual beneficial holder of the Notes shall be deemed for such purposes not to be the Noteholder.

20.3 The proxies and Representatives need not be Noteholders.

20.4 Each form of proxy (or certified copy thereof) shall be deposited at such place as the Transfer Agent shall approve not less than 24 hours before the time appointed for holding the meeting or adjourned meeting at which the proxies named in the form of proxy propose to vote and the form of proxy shall not be treated as valid unless the Chairman of the meeting decides otherwise before such meeting or adjourned meeting proceeds to business. The Transfer Agent shall not thereby be obliged to investigate or be concerned with the validity of or the authority of the proxies named in any such form of proxy.

20.5 Any vote given in accordance with the terms of a proxy shall be valid notwithstanding the previous revocation or amendment of the form of proxy or of any of the Noteholders' instructions pursuant to which it was executed provided that no intimation in writing of such revocation or amendment shall have been received by the Transfer Agent or the Issuer at its Specified Office (or such other place as may have been approved by the Transfer Agent for the purpose) by the time being 24 hours before the time appointed for holding the meeting or adjourned meeting at which the form of proxy is to be used.

20.6 The Issuer may at any time and, upon a requisition in writing of any Class of Noteholders holding not less than 20% (twenty percent) in Principal Amount of the Notes for the time being Outstanding in that Class of Noteholders, convene a meeting of the Noteholders and if the

Issuer defaults for a period of 7 (seven) Business Days in convening such a meeting the same may be convened by the requisitionists. Whenever the Issuer or any Class of Noteholders, as the case may be, is/are about to convene any such meeting it/they shall forthwith give notice in writing to the Transfer Agent, the Arranger and the Dealer of the calendar day, time and place thereof and of the nature of the business to be transacted thereat. Every such meeting shall be held at such time and place as the Transfer Agent may approve.

- 20.7 At least 21 (twenty one) Business Days' notice (exclusive of the calendar day on which the notice is given and the calendar day on which the meeting is held) specifying the place, calendar day and hour of meeting shall be given to the Class of Noteholders (and the Issuer, if the meeting is convened by any Class of Noteholders) prior to any meeting of the Noteholders of that Class in the manner provided by Condition 17 (*Register*). Such notice shall state generally the Class of Noteholders which are to meet, the nature of the business to be transacted at the meeting, the date, place and time of the meeting and the terms of any resolution to be proposed. Such notice shall include a statement to the effect that proxy forms may be deposited with the Transfer Agent for the purpose of appointing proxies not less than 24 hours before the time fixed for the meeting.
- 20.8 A person (who need not be a Noteholder) nominated in writing by the Issuer shall be entitled to take the chair at every such meeting but if no such nomination is made, or if at any meeting the person nominated is not present within thirty minutes after the time appointed for holding the meeting, the Noteholders of the relevant Class present shall choose a Noteholder of that Class to be Chairman.
- 20.9 At any such meeting one or more Noteholders in that Class present or represented by proxies or Representatives and holding or representing in the aggregate not less than one third in Principal Amount of the Notes for the time being Outstanding shall (except for the purpose of passing an Extraordinary Resolution) form a quorum for the transaction of business and no business (other than the choosing of a Chairman) shall be transacted at any meeting unless the requisite quorum be present at the commencement of business. The quorum at any such meeting for passing an Extraordinary Resolution shall (subject as provided below) be one or more Noteholders of that Class present or represented by proxies or Representatives and holding or representing in the aggregate a clear majority in Principal Amount of the Notes held by the applicable Class for the time being Outstanding. At any meeting the business of which includes any of the following matters, shall only be capable of being effected after having been approved by Extraordinary Resolution namely -

- 20.9.2 reduction or cancellation of the amount payable or modification of the payment date in respect of any interest in respect of the Notes or variation of the method of calculating the Interest Rate in respect of the Notes; or
- 20.9.3 reduction or increase of any Minimum Interest Rate and/or Maximum Interest Rate specified in the Applicable Pricing Supplement of any Note; or
- 20.9.4 modification of the currency in which payments under the Notes are to be made; or
- 20.9.5 modification of the majority required to pass an Extraordinary Resolution; or
- 20.9.6 the sanctioning of any such scheme or proposal as is described in paragraph 20.20.7 below; or
- 20.9.7 alteration of this proviso or the proviso to paragraph 20.10 below;

at any meeting whose business includes any of such matters, the quorum shall be one or more Noteholders of that Class present or represented by proxies or Representatives and holding or representing in the aggregate not less than two thirds in Principal Amount of the Notes of that Class for the time being Outstanding. An Extraordinary Resolution passed at any meeting of the holders of Notes of that Class will be binding on all holders of Notes, whether or not they are present at the meeting. No amendment to or modification of the Conditions may be effected without the written agreement of the Issuer.

- 20.10 If within thirty minutes after the time appointed for any such meeting a quorum is not present the meeting shall, if convened upon the requisition of Noteholders, be dissolved. In any other case it shall stand adjourned to such date and time being not less than 14 (fourteen) Business Days nor more than 21 (twenty one) Business Days thereafter, and at the same time and place, except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it shall stand adjourned for such period not being less than 14 (fourteen) Business Days, and at such place as may be appointed by the Chairman and approved by the Transfer Agent. At such adjourned meeting one or more Noteholders of the applicable Class present or represented by proxies or Representatives (whatever the Principal Amount of the Notes so held or represented by them) shall (subject as provided below) form a quorum and shall (subject as provided below) have power to pass any Extraordinary Resolution or other resolution and to decide upon all matters which could properly have been dealt with at the original meeting had the requisite quorum been present, provided that at any adjourned meeting the business of which includes any of the matters specified in the proviso to paragraph 20.9 above, the quorum shall be one or more Noteholders in that Class present or represented by proxy or Representatives and holding or representing in the aggregate not less than one third in Principal Amount of the Notes for the time being Outstanding.

- 20.11 Notice of any adjourned meeting at which an Extraordinary Resolution is to be submitted shall be given in the same manner as notice of an original meeting but as if 14 (fourteen) were substituted for 21 (twenty one) in paragraph 20.7 above and such notice shall (except in cases where the proviso to paragraph 20.10 above shall apply when it shall state the relevant quorum) state that one or more Noteholders in that Class present or represented by proxies or Representatives at the adjourned meeting whatever the Principal Amount of the Notes held or represented by them will form a quorum.
- 20.12 Except where otherwise provided, every resolution proposed to be passed at a meeting shall be decided in the first instance by a show of hands and in case of equality of votes the Chairman shall both on a show of hands and on a poll as contemplated in 20.14 below have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Noteholder or as a proxy or as a Representative.
- 20.13 At any meeting, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairman, the Issuer or by one or more Noteholders present or represented by proxies or Representatives (whatever the Principal Amount of the Notes so held by them), a declaration by the Chairman that a resolution has been carried or carried by a particular majority or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
- 20.14 Subject to paragraph 20.16 below, if at any such meeting a poll is so demanded it shall be taken in such manner and subject as hereinafter provided either at once or after an adjournment as the Chairman directs and the result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
- 20.15 The Chairman may with the consent of (and shall if directed by) any such meeting adjourn the same from time to time and from place to place but no business shall be transacted at any adjourned meeting except business which might lawfully (but for the lack of required quorum) have been transacted at the meeting from which the adjournment took place.
- 20.16 Any poll demanded at any such meeting on the election of a Chairman or on any question of adjournment shall be taken at the meeting without adjournment.
- 20.17 Any officer or director of the Issuer, and/or its nominated Representative and/or its lawyers and the Transfer Agent may attend and speak at any meeting. Save as aforesaid, but without prejudice to the proviso to the definition of “**Outstanding**”, no person shall be entitled to attend and speak nor shall any person be entitled to vote at any meeting of the Noteholders or join with others in requisitioning the convening of such a meeting unless he/she either produces proof acceptable to the Issuer that he/she is the Noteholder or is a proxy or a Representative. The Issuer shall not be entitled to vote at any meeting in respect of Notes held by it for the benefit of

any person and no other person shall be entitled to vote at any meeting in respect of Notes held by it for the benefit of any other person unless duly authorised as contemplated herein. Nothing herein contained shall prevent any of the proxies named in any form of proxy or any representative from being a director, an officer or Representative of or otherwise connected with the Issuer, the Guarantor or any Subsidiary.

- 20.18 Save as provided in paragraph 20.12 hereof at any meeting, on a show of hands or pursuant to a poll, every Noteholder who is present in person and produces proof acceptable to the Issuer that he/she is the Noteholder or is a proxy or a Representative shall have one vote per ZAR1,000,000's worth of Outstanding Notes (or the nearest rounded off multiple thereof) which he/she holds or which the person which he/she represents or for whom he/she acts as proxy, holds.

Highlights of the Group's Operations

Latin America

The Group initially invested in El Salvador and Honduras in 2001, gaining full ownership in 2005. On 12 October 2005, the Group completed a transaction through which it obtained a controlling interest in the second largest brewer in South America, Bavaria SA ("**Bavaria**"), a Colombian company (the "**Bavaria Transaction**"), and on 24 November 2010 the Group acquired Cervecería Argentina SA Isenbeck ("**CASA Isenbeck**"), the third largest brewer in Argentina. As at 31 March 2012, Group companies were the number one brewer, in terms of lager market share, in Colombia, Ecuador, El Salvador, Honduras, Panama and Peru. The Group bottles soft drinks for The Coca-Cola Company in El Salvador and Honduras and for Pepsico International and Schweppes in Panama.

Europe

The Group's expansion into Europe began in 1993 with the acquisition of Dreher Sörgyárak Zrt ("**Dreher**") in Hungary. On 6 March 2012, the Group completed its strategic alliance with Anadolu Efes Biracilik ve Malt Sanayii AS ("**Anadolu Efes**"). The Group's Russian beer business, SABMiller RUS LLC, and Ukrainian beer business, PJSC Miller Brands Ukraine, were contributed to Anadolu Efes in exchange for a 24% (twenty-four percent) equity stake in the enlarged Anadolu Efes. Anadolu Efes is now the vehicle for both groups' investments in Turkey, Russia, the Commonwealth of Independent States ("**CIS**"), Central Asia and the Middle East. The Group now has brewing operations in eight countries in Europe: the Netherlands, Poland, the Czech Republic, Italy, Romania, Hungary, Slovakia and the Canary Islands (Spain). The Group also sells significant volumes to a further eight European markets of which the largest are the United Kingdom and Germany, and a further 16 countries including Russia, Turkey and the Ukraine are covered in the strategic alliance with Anadolu Efes through either brewing, soft drinks or export operations.

North America

The Group acquired Miller Brewing Company ("**Miller**"), the United States' second largest brewer, in 2002. On 1 July 2008, the MillerCoors joint venture was established through the combination of the operations of the Guarantor's and Molson Coors Brewing Company's ("**Molson Coors**") respective subsidiaries (Miller and Coors Brewing Company) located in the United States and Puerto Rico (the "**MillerCoors Transaction**"). As a result, the Guarantor has a 58% (fifty-eight percent) economic interest and Molson Coors has a 42% (forty-two percent) economic interest in MillerCoors. Voting interests in MillerCoors are shared equally between the Guarantor and Molson Coors, and each of the Guarantor and Molson Coors has equal board representation.

The North America segment includes the Group's 58% (fifty-eight percent) share in MillerCoors and 100% (one hundred percent) of Miller Brewing International.

Africa

The Group operates in 15 countries in Africa: Botswana, Comores, Ethiopia, Ghana, Kenya, Lesotho, Malawi, Mayotte, Mozambique, Nigeria, South Sudan, Swaziland, Tanzania, Uganda and Zambia. In addition, the Group has a strategic alliance with Société des Brasseries et Glacières Internationales and BIH Brasseries Internationales Holding Limited ("**Castel**"), pursuant to which Castel's holding company has a 38% (thirty-eight percent) economic interest in the Guarantor's principal African holding company and the Group has a 20% (twenty percent) economic interest in Castel's African beverage operations. This alliance capitalises on the complementary nature of the companies' geographic portfolios. Castel has lager and soft drinks interests in 21 largely French-speaking countries of West, Central and North Africa and the Indian Ocean. Its operations cover Algeria, Benin, Burkina Faso, Cameroon, Central African Republic, Chad, Côte d'Ivoire, Democratic Republic of Congo, Equatorial Guinea, Ethiopia, Gabon, Gambia, Guinea, Madagascar, Mali, Mauritius, Morocco, Niger, Senegal, Togo and Tunisia. With effect from 1 January 2012, the Group and Castel implemented a number of organisational changes in their African operations as part of their strategic alliance agreement. Operational management of the Nigerian businesses is now with the Guarantor and the Angolan businesses with Castel. The Group has an associate interest in Castel's Angolan business. In addition, the Group has associated undertakings in Algeria, Morocco and Zimbabwe, and a procurement company in Mauritius.

Asia Pacific

The Group has operations in Australia, India, South Korea and Vietnam, and in China through an associated company.

On 16 December 2011, the Group completed the acquisition of Foster's, and the Asia segment was renamed the Asia Pacific segment. Following the Foster's acquisition, on 13 January 2012 the Group acquired the 50% (fifty percent) interest which it did not already own in Pacific Beverages Pty Limited ("**Pacific Beverages**"). See "*Group – Overview of Foster's Acquisition.*"

South Africa

The South African Breweries Proprietary Limited ("**SAB**") is the Group's original brewing company. Founded in 1895, SAB has since become one of South Africa's leading companies as well as Africa's largest brewer. The soft drinks division of SAB, ABI, is South Africa's largest bottler for The Coca-Cola Company.

The Group also has hotel and gaming interests through its associate, Tsogo Sun Holdings Limited, which is listed on the Johannesburg Stock Exchange and is also the largest black empowerment company in the leisure industry in South Africa.

Group

Business Capability Programme

In the year ended 31 March 2010, the Group commenced a major business capability programme that will simplify processes, reduce costs and allow local management teams to enhance focus on their markets. Information and processes will be standardised based on a single, integrated information technology system across back, middle and front office and selectively certain back office activities will be outsourced. The programme will take four years to complete.

Trinity Procurement GmbH, the Group's global procurement organisation, is well established and is beginning to demonstrate its significant potential.

The Group had incurred cumulative exceptional costs of U.S.\$873 million in relation to, and realised U.S.\$890 million of cumulative financial benefits from, the business capability programme by 31 March 2012.

Overview of Foster's Acquisition

On 16 December 2011, the Group acquired a 100% (one hundred percent) interest in Foster's at an enterprise value of U.S.\$11,786 million, comprising cash consideration of U.S.\$10,598 million, together with acquired net debt and non-controlling interests, less a net present value attributed to cash receivable for historical tax losses, and the Asia segment was renamed the Asia Pacific segment.

Following the Foster's acquisition, on 13 January 2012 the Group acquired the 50% (fifty percent) interest which it did not already own in Pacific Beverages for cash consideration of U.S.\$343 million. The acquisition took the Group's effective interest in Pacific Beverages to 100% (one hundred percent) and Pacific Beverages has now been integrated into the newly acquired Foster's business.

Subsequent to the Foster's acquisition the Group reached agreement with Coca-Cola Amatil Limited ("**CCA**") for the sale of Foster's interests in Foster's Group Pacific Ltd, which is the holding company for Foster's operations in Fiji and Samoa, and of Foster's non-alcoholic brands and inventory, both subject to regulatory approvals as at 31 March 2012. Subsequent to the necessary regulatory approvals being obtained, the Group completed the disposal of Foster's interests in Foster's Group Pacific Ltd on 7 September 2012, and of Foster's non-alcoholic brands and inventory on 28 September 2012.

As a result of the Foster's acquisition, certain licence and import arrangements such as Corona, Stella Artois, Asahi, Carlsberg and Guinness with a combined annual volume base of approximately 915,000 hl were terminated towards the end of the year ended 31 March 2012. The loss of these rights was a known risk at the time of the acquisition, in light of typical change of control provisions applicable to those arrangements.

Strategy

Business strategy

The Group's business strategy is based upon the following four strategic priorities:

Creating a balanced and attractive global spread of businesses

The wide geographic spread of the Group's operations allows it to benefit from growth in volumes and value in beer markets around the world. The Group continues to look for opportunities to strengthen its geographic footprint in both developing and developed markets through greenfield entries, alliances, mergers and acquisitions.

Developing strong, relevant brand portfolios that win in the local market

The Group seeks to develop attractive brand portfolios that meet consumers' needs in each of its markets. This includes expanding its offerings to address new consumer segments and drinking occasions, strengthening its mainstream brands, building a differentiated portfolio of global and local premium brands and channelling the right brands to the right outlets at the right time and price.

Constantly raising the profitability of local businesses, sustainably

The Group's aim is to keep enhancing its operational performance through top-line growth and continuous improvement in costs and productivity. It is also important that it maintains and advances its reputation, protects its licence to trade and develops its businesses sustainably for the benefit of its stakeholders.

Leveraging the Group's skills and global scale

The Group's global spread presents increasing opportunities to gain value from the scale and skills of the Group, not least by leveraging its scale and expertise in procurement, standardising its back-office functions and integrating its front-office systems. The Group is also benefiting from ongoing collaboration and the sharing of skills between its businesses.

Financial strategy

The Group is committed to maintaining a prudent financial profile that is reflected in a high quality investment-grade credit rating. Consistent with this commitment is the Group's objective to optimise its overall capital structure, which it maintains by funding acquisitions where necessary through an appropriate mix of equity and debt. The Group's strong financial structure also helps to ensure that adequate resources are available to it from a variety of market sources to meet ongoing business needs, as well as to provide medium-term flexibility to assess investments in appropriate markets.

Competitive strengths

Management believes that the Group's key competitive strengths are:

Leading market positions

The Group is one of the world's largest brewers, occupying a top-two market position by volume in many markets in which it operates. Group associates and joint ventures hold the number one position in China and the number two position in the United States by volume, the two largest markets for beer globally. The U.S. market accounts for the largest profit pool in the global beer market, and the Chinese market is among the fastest growing markets globally in terms of volume. The Group enjoys a leading position in South Africa, with a 90% (ninety percent) market share by volume, and it holds strong market positions in the countries in which it operates in Europe, Latin America, Africa and Asia Pacific. The Group is also one of the largest bottlers and distributors of Coca-Cola products outside the United States.

Geographic diversification

MillerCoors brews, markets and sells the MillerCoors portfolio of brands in the U.S. and Puerto Rico. It competes in every major category of the U.S. beer industry, including the Import, Premium Light, Premium Regular, Below Premium and Craft categories.

MillerCoors' core brand families, Miller Lite, Coors Light and Miller64 (Premium Light), MGD and Coors Banquet (Premium Regular), Miller High Life, Keystone and Milwaukee's Best (Below-Premium) accounted for approximately 85% (eighty-five percent) of MillerCoors' total domestic shipment volume in the United States during the year ended 31 March 2012, excluding contract brewing.

In August 2010, MillerCoors established the Tenth and Blake Beer Company, its craft and import division. It imports Peroni Nastro Azzurro, Pilsner Urquell and Grolsch and features craft brews from the Jacob Leinenkugel Brewing Company, Blue Moon Brewing Company and the Blitz-Weinhard Brewing Company.

To expand its portfolio, Tenth and Blake acquired The Crispin Cider Company, including its affiliate Fox Barrel Cider Company, in February 2012 to capitalise on the fact that cider is now the fastest growing category in the U.S. beer industry.

MillerCoors believes that the enhanced brand portfolio, scale and combined management strength of the joint venture allows the combined businesses to compete more vigorously in the aggressive and rapidly changing U.S. marketplace and thus improves the operational and financial performance through:

- building a stronger brand portfolio and giving consumers more choice;
- cost reductions and improving productivity;
- creating a more effective competitor;
- improving the route to market and benefiting distributors and retailers; and
- optimising organisational strength.

Employees

MillerCoors had approximately 8,812 employees as at 31 March 2012.

Sales and Distribution

In the United States, beer is generally distributed through a three-tier system consisting of manufacturers, distributors and retailers. A national network of approximately 452 independent distributors purchases MillerCoors' products and distributes them to retail accounts.

Brewing Facilities

MillerCoors operates eight major breweries in the U.S., as well as the Leinenkugel's craft brewery in Chippewa Falls, Wisconsin, and two microbreweries, the 10th Street Brewery in Milwaukee, the Blue Moon Brewing Company at Coors Field in Denver and The Crispin Cider Company cidery in Colfax, California.

Contract Manufacturing

MillerCoors has a contract brewing agreement with Pabst Brewing Company. Additionally, MillerCoors produces beer under contract for Miller Brewing International and Molson Coors.

Competitive Conditions

The beer industry in the United States is highly competitive. U.S. beer industry shipments had a low single digit annual growth rate for the 10 years ended 2009, compared with low single digit declines in 2010 and 2011. 2012 year to date industry trends are in line with 2011. Front-line pricing pressure and discounting in the U.S. beer industry has been less intense in recent years.

The combination of Miller and Coors in mid-2008 was designed to create a stronger U.S. brewer with the scale, operational efficiency and distribution platform to compete more effectively against larger brewers, both domestic and global. The MillerCoors' portfolio of beers competes with numerous above premium, premium, low-calorie, popular priced, non-alcoholic, and imported brands. These competing brands are produced by international, national, regional and local brewers. MillerCoors competes most directly with A-B InBev, but also competes with imported and craft beer brands. According to Nielsen estimates, MillerCoors is the nation's second-largest brewer by volume, selling approximately 29% (twenty-nine percent) of the total 2011 U.S. brewing industry volume in off-premise channels. This compares to A-B InBev's 53% (fifty-three percent) share according to Nielsen.

MillerCoors' alcoholic malt beverages also compete with other alcoholic beverages, including wine and spirits, and thus its competitive position is affected by consumer preferences between and among these other categories. Sales of wine and spirits have grown faster than sales of beer in recent years, resulting in a reduction in the beer segment's lead in the overall alcoholic beverage market.

South Africa: Beverages

SAB is the founding business of the Group and has been operating since 1895. It is the leading brewer in South Africa and competes in every segment of the brewing industry. Major local brands include Castle Lager, Carling Black Label, Castle Milk Stout, Hansa Pilsener and Castle Lite. This segment also includes the Group’s non-beer beverage operations in South Africa. The non-beer beverage operations currently comprise:

- 100% (one hundred percent) of ABI, the soft drinks division of SAB, the largest bottler for The Coca-Cola Company in South Africa;
- 100% (one hundred percent) of Appletiser, an international producer of non-alcoholic fruit drinks; and

- 29% (twenty-nine percent) of Distell, a major manufacturer and distributor in the South African wines and spirits sector.

Black Economic Empowerment Transaction

In July 2009, the Group entered into a broad-based black economic empowerment transaction in South Africa (the “**Black Economic Empowerment Transaction**”), with the purpose of placing approximately 10% (ten percent) of SAB under black ownership. The initial allocation of shares in the Black Economic Empowerment Transaction was made on 9 June 2010 and placed 8.45% (eight comma forty-five percent) of SAB under black ownership, in three groups comprising employees (“**Employees**”); licensed liquor retailers, liquor licence applicants and customers of ABI (“**Retailers**”); and the broader South African community, through the creation of the SAB Foundation. Employees now own 3.39% (three comma thirty-nine percent) of SAB through The SAB Zenzele Employee Trust, participation rights in which have been granted to 11,511 Employees. Retailers in aggregate own 3.52% (three comma fifty-two percent) of SAB through SAB Zenzele Holdings Limited in which there are 29,461 black shareholders. The SAB Foundation owns 1.54% (one comma fifty-four percent) of SAB. At the end of the ten year transaction period, participants will exchange their shareholdings in SAB for shares in the Guarantor.

Rationale for the Black Economic Empowerment Transaction

The Guarantor believes that broad-based black economic empowerment is a key requirement for the promotion of sustainable growth and social development in South Africa. The Black Economic Empowerment Transaction is designed to increase black participation in SAB by providing long term economic benefits to a broad range of black South Africans. The Guarantor believes that the Black Economic Empowerment Transaction, through the inclusion of Employees, Retailers and the SAB Foundation as shareholders, has facilitated the closer alignment of SAB’s interests with its many stakeholders and will maximise long-term shareholder value. The SAB Foundation is primarily focusing on supporting entrepreneurship development, as the Guarantor believes this will deliver broader economic benefits for South Africa. It is targeting historically disadvantaged people with a priority on women and the youth, particularly in rural areas.

The Black Economic Empowerment Transaction has also enhanced SAB’s compliance with the South African Government’s Codes of Good Practice on Black Economic Empowerment and, in addition, seeks to support the normalisation of the South African liquor industry by supporting liquor licensing in South Africa. The Black Economic Empowerment Transaction is contributing towards achieving SAB’s committed objective of attaining Level Four Contributor status on the basis of the scorecard contained in the Codes of Good Practice.

Impact on the Guarantor

The Black Economic Empowerment Transaction became effective in the financial year which began on 1 April 2010. Under IFRS 2, the Black Economic Empowerment Transaction results in a share-based payment expense being reflected in the income statement of the Guarantor over the transaction period with the majority of this expense having been charged in the financial year ended 31 March 2011.

Market

According to Euromonitor International Limited ("**Euromonitor**") in respect of 2011, South Africa is the 10th largest beer market in the world by volume. As at March 2012, South Africa: Beverages' sales represented approximately 90% (ninety percent) of total lager beer consumption in South Africa, according to Management estimates.

South Africa: Beverages' main competition is from other liquor products, including wines, spirits and sorghum. A significant percentage of wine sold in South Africa is in the form of low priced wine which does interact with beer. The beer category share of alcohol has been largely stable over the last 10 years. The increasing urbanisation of the South African population has also contributed to a move from sorghum to clear beer. Within the beer market, the largest competitor is Brandhouse Beverages Proprietary Limited ("**Brandhouse**"), a joint venture between Heineken International, Diageo and Namibia Breweries Ltd, selling such brands as Heineken, Windhoek and Amstel. Brandhouse opened its first South African brewery during 2009.

ABI produces and bottles products in South Africa under franchise agreements with The Coca-Cola Company, which give ABI exclusive distribution rights in certain geographic areas. These areas cover approximately 51% (fifty-one percent) of the South African population and currently generate approximately 57% (fifty-seven percent) of total South African Coca-Cola sales volumes. Coca-Cola and Schweppes products have a combined market share of approximately 89% (eighty-nine percent) of the soft drinks market in ABI's territories in South Africa and 68% (sixty-eight percent) of the total soft drinks including waters, sports and energy drinks and iced tea.

Operations

The principal activity of South Africa: Beverages is the production, marketing and distribution of beer, soft drinks and non-alcoholic beverages throughout South Africa. For the year ended 31 March 2012, South Africa: Beverages sold 26.9 million hl of lager and 18.0 million hl of soft drinks (including sparkling soft drinks, fruit juices and water).

Products

Lager

South Africa: Beverages has ten brands of lager and four flavoured alcoholic beverages ("**FAB**") brands. The three mainstream lager brands are Castle Lager, Carling Black Label and Hansa Pilsener, with Castle Lager being the company's flagship brand. There are three brands in the Local Premium category: Castle Lite, Castle Milk Stout and Hansa Marzen Gold. There are four brands in the Global Brands category: MGD, Pilsner Urquell, Peroni Nastro Azzurro and Grolsch. The brands in the FAB segment are Redd's Premium Cold, Redd's Premium Dry, Brutal Fruit and Sarita.

Soft drinks

Coca-Cola products

ABI conducts essentially all of its business under five-year renewable franchise agreements with The Coca-Cola Company, and this relationship is fundamental to ABI's business. Management believes that ABI enjoys an open and constructive relationship with The Coca-Cola Company. ABI's current franchise agreements with The Coca-Cola Company expire on 30 March 2013.

Appletiser

Appletiser produces natural and non-alcoholic sparkling fruit juices.

The core brands of Appletiser are "Appletiser", "Grapetiser" and "Peartiser" sparkling fruit juices.

Marketing, sales and distribution

In respect of its beer-related operations, South Africa: Beverages maintains an extensive distribution network throughout South Africa, comprising 40 depots, 14 appointed independent distributorships and an expanding network of owner-drivers. The owner-driver initiative has enabled South Africa: Beverages to reduce delivery fleet sizes and head-count and to benefit from higher delivery volumes from motivated entrepreneurial drivers.

South Africa: Beverages sells beer to approximately 50,000 licensed customers, who are in turn licensed to sell beer and other alcohol for either on-premise or off-premise consumption. However, South Africa: Beverages estimates that there are around 180,000 informal outlets which are unlicensed, commonly referred to as shebeens, in South Africa. This is a phenomenon peculiar to the history of South Africa where prohibition was effectively enforced on black South Africans. South Africa: Beverages is doing its utmost to work with the South African Government to normalise the industry. Whilst South Africa: Beverages does not sell directly to these shebeens, Management estimates that approximately 40% (forty percent) of its volume is consumed within these informal channels.

Coca-Cola and Schweppes products are marketed jointly by ABI and The Coca-Cola Company, with The Coca-Cola Company undertaking all national and primary media advertising while ABI undertakes promotion and marketing on a local level in its own territories.

ABI sells to approximately 91,000 customers, varying from large retail outlets to small rural stores. The Board and Board committees

The Board sets the strategic objectives of the Group, determines investment policies, agrees on performance criteria and delegates to Management the detailed planning and implementation of those objectives and policies, in accordance with appropriate risk parameters. The Board monitors compliance with policies, and achievement against objectives, by holding Management accountable for its activities through monthly and quarterly performance reporting and budget updates.

The Executive Directors are responsible for proposing strategy and for making and implementing operational

decisions. Non-executive Directors complement the skills and experience of the Executive Directors and contribute to the formulation of strategy, policy and decision-making through their independent judgement, and knowledge and experience of other businesses and sectors.

The Board met seven times during the year ended 31 March 2012 and ad hoc sub-committees of the Board met from time to time to deal with investment and financing and reporting issues. Specific responsibilities have been delegated to Board committees with defined terms of reference. The General Counsel and Group Company Secretary acts as secretary to the Board and its committees and attends all meetings during the year. The principal Board committees are described below.

The Audit Committee

The Audit Committee is chaired by Mr Manser and also comprises Mr Armour, Mr Devitre, Ms Knox, Mr Morland and Ms Weir. The Audit Committee met four times during the year ended 31 March 2012. The external auditors, the Chief Executive (or, currently, the Executive Chairman), the Chief Operating Officer, the Chief Financial Officer and the Chief Internal Auditor also attend these meetings and other members of the Management team attend as required. During the year ended 31 March 2012, the Chairman of the Audit Committee met at least once with the external auditors and with the Chief Internal Auditor without Management being present.

The Audit Committee has the power to examine any financial, operating and strategic matters in and relating to the Group in accordance with its written terms of reference. This includes reviewing the annual accounts, internal control procedures, accounting policies, compliance and regulatory matters, reviewing and making recommendations on the appointment of the external auditors and other related issues.

Under its terms of reference, the Audit Committee's duties include:

- to review, and challenge where necessary, the audited consolidated annual financial statements and interim and preliminary announcements before their submission to the Board for approval;
- to examine and review the internal control environment and risk management systems within the Group and review the Group's statement on internal control systems prior to endorsement by the board;
- to review the independence, objectivity and effectiveness of the external auditors;
- to make recommendations to the Board regarding the appointment, re-appointment and removal of the external auditors and to approve and recommend to the Board the remuneration and terms of engagement of the external auditors;
- to review annually the effectiveness of the internal audit function throughout the Group, with particular focus on the charter, annual work plans, activities, staffing, organisational and reporting structure and status of the function; and

- to review the effectiveness of the system for monitoring compliance with laws and regulations (including the Group's biannual letters of representation) and the results of Management's investigation and follow-up (including disciplinary action) of any instances of non-compliance.

The Audit Committee ensures that adequate and suitable internal controls are in place and are appropriate to meet future needs; that significant business, strategic, statutory and financial risks have been identified and are being monitored and managed; and that appropriate standards of governance, reporting and compliance are in operation. It also advises the Board on issues relating to the application of accounting standards to published financial information. The Audit Committee has access to the reports of the divisional audit committees.

The Disclosure Committee

The Disclosure Committee consists of the Executive Chairman, the Deputy Chairman the Chief Operating Officer, the Chief Financial Officer, one other non-executive director and the General Counsel and Company Secretary (or the Deputy Company Secretary as alternate). The function of the Disclosure Committee, in accordance with the Group's inside information policy, is to assure compliance with the Disclosure and Transparency Rules and the Listing Rules, as guided by the General Counsel, and to ensure that the routes of communication between Executive Committee members, the Disclosure Committee, the General Counsel's Office, the company secretarial office and investor relations are clear and provide for rapid escalation to the Disclosure Committee and key advisers, and the Board, of any decision regarding potential inside information, so that the Group is able to comply fully with its continuing obligations under the Disclosure and Transparency Rules and the Listing Rules.

The Nomination Committee

The Nomination Committee is chaired by Mr Manser and also comprises Mr Bible, Mr Mackay, Mr Manzoni, Mr Morland, Mr Ramaphosa and Mr Santo Domingo. Under the Altria Relationship Agreement and the BevCo Relationship Agreement, Altria and BevCo each have the right to request that one of its nominated directors be appointed to the Nomination Committee and have nominated Mr Bible and Mr Santo Domingo respectively, as members of the Nomination Committee. The Nomination Committee considers the composition of the Board and its committees, retirements and appointments of additional and replacement Directors and makes appropriate recommendations to the Board. All Directors are subject to retirement and re-election by shareholders at least once every three years in accordance with the Guarantor's Articles of Association. However the Board has determined that all Directors will stand for re-election annually as recommended by the UK Corporate Governance Code, published by the UK Financial Reporting Council (the "**Corporate Governance Code**"). The Nomination Committee meets as often as required, and at least once a year.

The Remuneration Committee

The Remuneration Committee is chaired by Mr Morland and also comprises Mr Armour, Ms Knox, Mr Manser and Mr Manzoni. The Remuneration Committee sets short-term and long-term remuneration for

the Executive Directors. More generally, the Remuneration Committee is responsible for the assessment and approval of a broad remuneration strategy for the Group and for the operation of the Company's share-based incentive plans. This includes determination of short-term and long-term incentive pay structures for Group executives, the positioning of executive pay levels relative to local and international industry benchmarks and is empowered by the Board to set short-term and long-term remuneration for the Executive Directors and members of the Executive Committee.

Additionally, the Director of Corporate Affairs meets regularly with the chairman of CARAC to discuss implementation and planning issues and attends all meetings of CARAC. CARAC's main objective is to assist the Board in the discharge of its responsibilities relating to corporate accountability including sustainable development, corporate social responsibility, corporate social investment and ethical commercial behaviour. CARAC also provides independent and objective oversight and reviews information presented by Management on corporate accountability and specifically associated risk, also taking account of reports by Management and the Audit Committee to the Board on financial, business and strategic risk.

Application of the Corporate Governance Code

The Guarantor applied all the principles and provisions of the Corporate Governance Code throughout the year ended 31 March 2012, except in one respect, which was that the Audit Committee did not consist solely of independent directors. The committee included Mr Devitre, an Altria Group, Inc. nominee, who is not independent for the purposes of the Corporate Governance Code.

At the 2012 annual general meeting, Mr Mackay was appointed Executive Chairman for an interim period of one year, upon the retirement of Mr Kahn as Chairman, and Mr Clark was appointed as an executive director and Chief Operating Officer, with the intention that Mr Clark will succeed Mr Mackay as Chief Executive at the end of the interim period, when Mr Mackay will become non-executive Chairman. The Corporate Governance Code recommends that a chief executive should not go on to be the chairman of the same company and that when, exceptionally, a Board decides that a chief executive should become chairman, the Board should consult major shareholders in advance and should set out its reasons to shareholders. The Corporate Governance Code also recommends that the roles of chairman and chief executive should not be exercised by the same individual and that the division of responsibilities between the chairman and chief executive should be clearly established, set out in writing and agreed by the Board. Upon announcement of these appointments, the Board wrote to all shareholders explaining the process that had been followed and setting out the reasons for the appointments.

Beneficial Interests

The CSD will hold each Tranche of Notes issued in uncertificated form, subject to the Securities Services Act and the Applicable Procedures. Each Tranche of Notes issued in uncertificated form, will be registered in the name of the CSD's Nominee, and the CSD's Nominee will be named in the Register as the sole Noteholder of such Tranche of Notes.

Accordingly, and except where the contrary is provided in the Conditions, all amounts to be paid and all rights to be exercised in respect of the Notes held in uncertificated form, will be paid to and may be exercised only by the CSD's Nominee for the holders of Beneficial Interests in such Notes.

The CSD maintains central securities accounts only for CSD Participants.

The CSD Participants are in turn required to maintain securities accounts for their clients. The clients of CSD Participants may include the holders of Beneficial Interests in the Notes of their custodians. The clients of CSD Participants, as the holders of Beneficial Interests or as custodians for such holders, may exercise their rights in respect of the Notes held by them in the CSD only through their CSD Participants.

In relation to each person shown in the records of the CSD or the relevant CSD Participant, as the case may be, as the holder of a Beneficial Interest in a particular Principal Amount of Notes, a certificate or other document issued by the CSD or the relevant CSD Participant, as the case may be, as to the Principal Amount of such Notes standing to the account of such person shall be *prima facie* proof of such Beneficial Interest.

Payments of interest and principal in respect of Notes held in uncertificated form, and registered in the name of the CSD's Nominee will be made in accordance with Condition 10 (*Payments*) to the CSD's Nominee, or such other registered holder of the uncertificated Notes as shown in the Register, and the Issuer will be discharged by proper payment to or to the order of the registered holder of the certificate in respect of each amount so paid. The registered holder of such uncertificated Notes will in turn transfer such funds, *via* the CSD Participants, to the holders of Beneficial Interests.

Each of the persons shown in the records of the CSD and the relevant CSD Participant, as the case may be, as the holders of Beneficial Interest will look solely to the CSD's Nominee or the relevant CSD Participant, as the case may be, for such person's share of such payment so made by the Issuer to, or to the order of, the registered holder of such Notes.

The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to such Beneficial Interests.

Transfers and exchanges

Transfers of Beneficial Interest in the CSD to and from clients of the CSD Participants occur by electronic book entry in the central securities accounts of the clients of the CSD Participants. Transfers among CSD

Participants of Notes held in the CSD system occur through electronic book entry in the CSD Participants' central security accounts with the CSD. Beneficial Interests may be transferred only in accordance with the Conditions and the rules and operating procedures for the time being of the CSD, participants and the JSE.

The Issuer shall regard the Register as the conclusive record of title to the Notes.

Beneficial Interests may be exchanged for Notes represented by Individual Certificates in accordance with Condition 15.1 (*Exchange*).

Individual Certificates

The Notes represented by Individual Certificates will be registered in the name of the individual Noteholders in the Register of Noteholders.

Notes represented by Individual Certificates may be transferred only in accordance with the Conditions.

Payments of interest and principal in respect of Notes represented by Individual Certificates will be made in accordance with Condition 10 (*Payments*) to the person reflected as the registered holder of such Individual Certificates in the Register at 17h00 (Johannesburg time) on the Last Day to Register, and the Issuer will be discharged by proper payment to or to the order of the registered holder of the Individual Certificate in respect of each amount so paid.

The BESA Guarantee Fund Trust

Claims against the BESA Guarantee Fund Trust may only be made in respect of the trading of Notes listed on the Interest Rate Market of the JSE and in accordance with the rules of the BESA Guarantee Fund. Unlisted Notes are not regulated by the JSE.

Notes listed on any exchange other than (or in addition to) the JSE

Each Tranche of Notes which is listed on any exchange other than (or in addition to) the JSE will be issued, cleared and settled in accordance with the rules and settlement procedures of that exchange. The settlement, clearing and redemption procedures for trades of a Tranche of Notes issued on an exchange other than (or in addition to) the JSE will be specified in the Applicable Pricing Supplement.

SOUTH AFRICAN TAXATION

Words used in this section headed "South African Taxation" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The comments below are intended as a general guide to the relevant tax laws of South Africa as at the date of the Programme Memorandum. The contents of this section headed "South African Taxation" do not constitute tax advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

Income Tax

Under current taxation law effective in South Africa a "resident" (as defined in section 1 of the Income Tax Act, No. 58 of 1962 (the "**Income Tax Act**") is subject to income tax on his/her world-wide income. Accordingly, all Noteholders who are "*residents*" of South Africa will be liable to pay income tax, on any interest earned pursuant to the Notes, subject to available deductions, allowances and exemptions. Non-residents of South Africa are subject to income tax on all income derived from a South African source or deemed source. Non-residents may, in certain instances, qualify for a domestic exemption or relief in terms of an applicable double taxation treaty ("**DTA**").

Interest income is regarded as being from a South African source if that amount:

- (a) is attributable to an amount incurred by a person that is a resident, unless the interest is attributable to a permanent establishment which is situated outside of South Africa; or
- (b) is received or accrues in respect of the utilisation or application in South Africa by any person of any funds or credit obtained in terms of any form of interest-bearing arrangement.

Accordingly, the interest paid to the Noteholders will be from a South African source and subject to South African income tax unless such income is exempt under section 10(1)(h) of the Income Tax Act (see below).

In terms of section 10(1)(h) of the Income Tax Act interest received by or accruing to a Noteholder who, or which, is not a resident of South Africa during any year of assessment is exempt from income tax, unless that person:

- (a) is a natural person who was physically present in South Africa for a period exceeding 183 days in aggregate during that year of assessment; or
- (b) at any time during that year of assessment carried on business through a permanent establishment in South Africa.

If a Noteholder does not qualify for the domestic exemption contained in section 10(1)(h) of the Income Tax Act, exemption from, or reduction of the South African income tax liability may be available under an applicable DTA.

Investors are advised to consult with their own professional advisers as to whether the interest income earned on the Notes will be exempt under section 10(1)(h) of the Income Tax Act.

In terms of section 24J of the Income Tax Act, any discount or premium to the nominal amount of a Note is treated as part of the interest income on the Note. Section 24J of the Income Tax Act deems interest income to accrue to a Noteholder on a day to day basis until that Noteholder disposes of the Note or until maturity unless the Noteholder is entitled under Section 24J(9) of the Income Tax Act to make an election to treat its Notes on a mark-to-market basis. This day to day basis accrual is determined by calculating the yield to maturity and applying it to the capital involved for the relevant tax period. Interest as defined in section 24J of the Income Tax Act (including the premium or discount) may qualify for the exemption under section 10(1)(h) of the Income Tax Act.

To the extent the disposal of the Note gives rise to a gain or a loss, the normal principles are to be applied in determining whether such gain or loss should be subject to income tax in terms of the Income Tax Act.

Capital Gains Tax

Capital gains and losses of residents of South Africa on the disposal of Notes are subject to capital gains tax. Any discount or premium on acquisition of Notes which has already been treated as interest for income tax purposes under section 24J of the Income Tax Act will not be taken into account when determining any capital gain or loss. Under section 24J(4A) of the Income Tax Act a loss on disposal will, to the extent that it has previously been included in taxable income (as interest), be allowed as a deduction from the taxable income of the holder when it is incurred and accordingly will not give rise to a capital loss.

Capital gains tax under the Eighth Schedule to the Income Tax Act will not be levied in relation to Notes disposed of by a person who is not a resident of South Africa unless the Notes disposed of are attributable to a permanent establishment of that person in South Africa.

Purchasers are advised to consult their own professional advisers as to whether a disposal of Notes will result in a liability to capital gains tax.

Securities Transfer Tax ("STT")

No STT is payable on the issue or transfer of Notes (bonds) under the Securities Transfer Tax Act, No. 25 of 2007 ("**STT Act**") because they do not constitute securities for the purposes of the STT Act.

Value-Added Tax ("VAT")

No VAT is payable on the issue or transfer of Notes. Notes (bonds) constitute "debt securities" as defined in section 2(2)(iii) of the South African Value-Added Tax Act, No. 89 of 1991. The issue, allotment, drawing,

acceptance, endorsement or transfer of ownership of a debt security is a financial service, which is exempt from VAT in terms of section 12(a) of that Act.

Commissions, fees or similar charges raised for the facilitation of these services will however be subject to VAT at the standard rate (currently 14 percent), except where the recipient is a non-resident as contemplated below.

Services (including exempt financial services) rendered to non-residents who are not in South Africa when the services are rendered, are subject to VAT at the zero rate in terms of section 11(2)(l) of the South African Value-Added Tax Act, No. 89 of 1991.

Withholding tax

Under current taxation law in South Africa, all payments made under the Notes to resident and non-resident Noteholders will be made free of withholding or deduction for or on account of any taxes, duties, assessments or governmental charges in South Africa. However, a withholding tax on South African sourced interest payments to foreign persons will be introduced from 1 January 2013 at a rate of 15%. A "foreign person" is a person who is not a resident for income tax purposes. The proposed legislation exempts, *inter alia*, interest payments made in respect of a "listed debt instrument" as defined in the Income Tax Act. This exemption should apply to the interest payments made to Noteholders to the extent that the Note is a debt instrument listed on the JSE. Insofar as the Note is not a debt instrument listed on the JSE, a foreign person will be exempt from the withholding tax on interest if that foreign person –

- (a) is a natural person who was physically present in South Africa for a period exceeding 183 days in aggregate during that year of assessment; or
- (b) at any time during that year of assessment carried on business through a permanent establishment in South Africa; or
- (c) is a controlled foreign company as defined in Section 9D of the Income Tax Act.

Such persons are subject to normal South African income tax on the interest sourced in South Africa unless exempted under Section 10(1)(h) of the Income Tax Act. Please refer to the section on Income Tax above.

Definition of Interest

The references to "interest" above mean "interest" as understood in South African tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the Terms and Conditions of the Notes or any related documentation.

SUBSCRIPTION AND SALE

Words used in this section headed "Subscription and Sale" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The Dealers have in terms of the programme agreement dated on or about the date of this Programme Memorandum, as may be amended, supplemented or restated from time to time (the "**Programme Agreement**"), agreed with the Issuer a basis upon which they may from time to time agree to subscribe for Notes or procure the subscription of the Notes.

Selling restrictions

South Africa

Prior to the issue of any Tranche of Notes under the Programme, each Dealer who has (or will have) agreed to place that Tranche of Notes will be required to represent and agree that it will not solicit any offers for subscription for or sale of the Notes in that Tranche, and will itself not sell the Notes in that Tranche of Notes, in South Africa, in contravention of the Companies Act, the Banks Act, the Exchange Control Regulations and/or any other applicable laws and regulations of South Africa in force from time to time. In particular, without limitation, the Programme Memorandum does not, nor is it intended to, constitute a prospectus (as that term is defined in the Companies Act) and each Dealer will be required to represent and agree that it will not make "an offer to the public" (as that term is defined in the Companies Act) of any of the Notes in that Tranche of Notes (whether for subscription or sale). Notes will not be offered for subscription to any single addressee for an amount of less than ZAR1,000,000.

United States

The Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and may not be offered or sold within the United States or to, or for the account of or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Prior to the issue of any Notes under this Programme Memorandum, each Dealer who has (or will have) agreed to place the Notes will be required to represent and agree that:

- (a) the Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account of or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act;
- (b) it has not offered, sold or delivered any Notes and will not offer, sell or deliver any Notes (i) as part of their distribution at any time or (ii) otherwise until 40 (forty) calendar days after completion of the

distribution, as determined and certified by the Dealer or, in the case of an issue of such Notes on a syndicated basis, the relevant Lead Manager, of all the Notes, within the United States or to, or for the account or benefit of, U.S. persons;

- (c) it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of such Notes within the United States or to, or for the account or benefit of, U.S. persons;
- (d) it, its affiliates and any persons acting on its or any of its affiliates behalf have not engaged and will not engage in any directed selling efforts in the United States (as defined in Regulation S under the Securities Act) with respect to the Notes and it, its affiliates and any persons acting on its or any of its affiliates' behalf have complied and will comply with the offering restrictions requirements of Regulation S.

Until 40 (forty) calendar days after the commencement of the offering of any Notes under this Programme Memorandum, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an exemption from registration under the Securities Act.

European Economic Area

Prior to the issue of any Notes under the terms of this Programme Memorandum, each Dealer who has (or will have) agreed to place the Notes will be required to represent and agree that, in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each a "**Relevant Member State**"), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of any of such Notes to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of any of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100, or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

United Kingdom

Prior to the issue of any Notes in terms of this Programme Memorandum, each Dealer who has (or will have) agreed to place the Notes will be required to represent and agree that:

- (a) in relation to any of the Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any of such Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of such Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act, 2000 (the “**FSMA**”) by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any of the Notes in, from or otherwise involving the United Kingdom.

General

Prior to the issue of any Tranche of Notes under the Programme, each Dealer who has (or will have) agreed to place that Tranche of Notes will be required to agree that:

- (a) it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in each jurisdiction in which it purchases, subscribes or procures the subscription for, offers or sells Notes in that Tranche or has in its possession or distributes the Programme Memorandum and will obtain any consent, approval or permission required by it for the purchase, subscription, offer or sale by it of Notes in that Tranche under the laws and regulations in force in

any jurisdiction to which it is subject or in which it makes such purchases, subscription, offers or sales;

- (b) it will comply with such other or additional restrictions as the Issuer and such Dealer agree and as are set out in the Applicable Pricing Supplement.

Neither the Issuer, the Guarantor nor any of the Dealers represent that Notes may at any time lawfully be subscribed for or sold in compliance with any applicable registration or other requirements in any jurisdiction or pursuant to any exemption available thereunder or assumes any responsibility for facilitating such subscription or sale.

SOUTH AFRICAN EXCHANGE CONTROL

Words used in this section headed “South African Exchange Control” shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or clearly inappropriate from the context.

The information below is intended as a general guide to the position under the Exchange Control Regulations as at the date of the Programme Memorandum. The contents of this section headed “South African Exchange Control” do not constitute exchange control advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Notes. Prospective subscribers for or purchasers of any Notes should consult their professional advisers in this regard.

Non-South African resident Noteholders and emigrants from the Common Monetary Area

Dealings in the Notes and the performance by the Issuer of its obligations under the Notes and the applicable Terms and Conditions may be subject to the Exchange Control Regulations.

Blocked Rand

Blocked Rand may be used for the subscription for or purchase of Notes. Any amounts payable by the Issuer in respect of the Notes subscribed for or purchased with Blocked Rand may not, in terms of the Exchange Control Regulations, be remitted out of South Africa or paid into any non-South African bank account.

Emigrants from the Common Monetary Area

Any Individual Certificates issued to Noteholders who are emigrants from the Common Monetary Area will be endorsed “emigrant”. Such restrictively endorsed Individual Certificates shall be deposited with an authorised foreign exchange dealer controlling such emigrant’s blocked assets.

In the event that a Beneficial Interest in Notes is held by an emigrant from the Common Monetary Area through the CSD, the securities account maintained for such emigrant by the relevant CSD Participant will be designated as an “emigrant” account.

Any payments of interest and/or principal due to a Noteholder who is an emigrant from the Common Monetary Area will be deposited into such emigrant Noteholder’s Blocked Rand account, as maintained by an authorised foreign exchange dealer. The amounts are not freely transferable from the Common Monetary Area and may only be dealt with in terms of the Exchange Control Regulations.

Non-residents of the Common Monetary Area

Any Individual Certificates issued to Noteholders who are not resident in the Common Monetary Area will be endorsed “non-resident”. In the event that a Beneficial Interest in Notes is held by a non-resident of the

Common Monetary Area through the CSD, the securities account for such Noteholder by the relevant CSD Participant will be designated as a “non-resident” account.

It will be incumbent on any such non-resident Noteholder to instruct the non-resident’s nominated or authorised dealer in foreign exchange as to how any funds due to such non-resident in respect of Notes are to be dealt with. Such funds may, in terms of the Exchange Control Regulations, be remitted abroad only if the relevant Notes are acquired with foreign currency introduced into South Africa and provided that the relevant Individual Certificate has been endorsed “non-resident” or the relevant securities account has been designated as a “non-resident” account, as the case may be.

Exchange Control approval

Exchange Control approval is not required for the subscription for or purchase of Notes. Exchange Control approval has however been obtained for the Guarantee executed by the Guarantor in favour of the Noteholders.
